Designed by JWDA Architecture

Joseph Wong Design Associates (JWDASM) has been at the forefront of global architectural and interior design since it was founded in San Diego, California in 1977. For over thirty years, JWDA has planned and designed major buildings throughout California and in most major cities in Asia. JWDA's distinctive work is creative and elegant, complemented by its carefully developed knowledge of local history and context. Throughout the world, JWDA has created original, award-winning designs that are functional, efficient, and site-specific. With its talented resources of architects, designers, interior designers, landscape designers, planners and research team members, JWDA has maintained its reputation for developing top quality, meticulously coordinated and smoothly delivered projects to its global clients over the years.
