Figure 3 – CASP Concept Overview

**Located in Airdrie**, one of Alberta's fastest growing cities with a population of 77,000 in 2021 which has increased 20.3% in the last 5 years. Airdrie is part of the Calgary census metropolitan area of over 1.5 million and a member of the Calgary Regional Partnership. Projected population growth in Airdrie is expected to reach 90,000 by the year 2027. The Lands are situated along Veterans Boulevard and provide direct access to Veterans Boulevard traffic interchange with convenient access to Highway 2.

## East Points Conceptual Area Structure Plan

The vision of the East Points CASP is to create a highly attractive business industrial park which supports the natural environment and encourages sustainable economic growth for the City of Airdrie. The subject lands are located in Phase 2 of the East Points CASP. Light industrial areas will accommodate business industrial uses in an urban form and exhibit a high standard of building design, streetscapes and landscaping. Medium industrial areas provide a range of uses, such as warehousing, manufacturing, fabrication and storage, that typically require larger land parcels with a lower intensity. Office and Employment areas should be planned to create a campus-style environment that uses open spaces, natural features and multimodal pathway systems to create cohesive places of employment

## Transportation Routes & Infrastructure

**By Air →**  
15 minutes to Calgary International Airport.

**By Highway →**  
Airdrie is on the CANAMEX Highway linking Alaska and Mexico.

**By Rail →**  
Access to CN and CP rail services.  
Airdrie is 30 km from CN's new 680-acre Calgary Logistics Park in Conrich.
