# TENANT OVERVIEW

## Diley Medical Group

Diley Medical Group LLC (DMG) is a prominent independent medical practice that has been serving Central Ohio for over 15 years. Since founded in 2008, DMG has expanded to six strategic locations across the region. The practice offers diverse healthcare services creating multiple revenue streams that enhance its stability as a tenant, including primary care (internal medicine, family medicine), specialty clinics (aesthetic services branded as "The Face Bar," medical marijuana evaluations, weight management), multiple care delivery methods (office visits, assisted living support, telehealth capabilities), and retail components (CBD products). DMG's strategic advantages include strong connections with local medical centers and hospitals, creating natural patient referral channels. The practice's multi-location structure reduces risk compared to single-location practices, while its diverse patient demographics ensure consistent facility utilization. DMG has adopted modern healthcare technologies and maintains a strong community reputation. Diley's expansion was necessitated due to capacity constraints at their existing Lancaster location. Their commitment to serving Fairfield County is further solidified by a seven-year lease term (through February 2032) with two seven-year renewal options. As healthcare trends toward outpatient settings, DMG presents an attractive tenant profile for investors seeking stable, long-term cash flow from a specialized medical asset with strong fundamentals and personal guaranty.
