WHAT IS T3?

TIMBER

Exuding warmth and character, the sustainably sourced Timber used in T3 construction guarantees a unique and inviting atmosphere while limiting its environment footprint.

TRANSIT

Sitting in the heart of North Loop with a walk score of 93 and with direct access to the Cedar Lake Bike trail, T3 offers multi-modal transit options for users, including affordable and accessible parking and proximity to the Light Rail.

TECHNOLOGY

An innovative technology package delivers modern connectivity and redundancy throughout T3 enabling employee's workdays to be more productive and secure.

— **TRUE** —
SUSTAINABILITY

Mass timber used in T3 is one of the most ecological and renewable building materials and the only carbon neutral construction material in existence.

Sustainably sourced from young trees in managed forests, timber sequesters and stores carbon, keeping its carbon footprint lower than traditional concrete or steel construction.

Fire resistant, great acoustics and superior structural performance are all added benefits of using mass timber.

North Loop is the ideal place to live, work and succeed. From creative ad firms to law firms, from tech start ups to Fortune 500 firms, the North Loop is Minneapolis' most progressive office submarket. Surrounded by and connected to one-of-a-kind restaurants and cafes as well as unique local and national retailers, T3 provides employees the best experience morning to night.
