AND WIND POWER BY 2026.**

BROOKFIELD PROPERTIES

ESG

BENEFITS TO TENANTS

INCREASES demand for finite zero emissions electricity supply, incentivizing new development and improving the mix of in-state clean energy sources.

SUPPORTS the development of new community-focused clean energy supply, green jobs, and investment into the local community.

WE WILL ACHIEVE this by procuring power through the Clean Power SF "Super Green Program", a local community choice aggregation program provided from the SF public utilities commission that provides renewable electricity from solar and wind power facilities to customers.

**Zero Emissions
Electricity**
