STRATEGIC SITE FOR SEAMLESS CONNECTIVITY

Bayview Point Industrial Park offers unparalleled transit connectivity, providing exceptional access to the Greater Toronto Area and key regional markets. The property benefits from direct access to major highways, including Highway 400, ensuring efficient transport for distribution and logistical operations. Its proximity to Toronto Pearson International Airport supports air cargo and fast-tracked shipments, while the nearby Barrie GO Line offers easy commuter access for employees. Its strategic location makes the site an ideal choice for businesses seeking to streamline operations in the region.

The Rinomato Group of Companies (RGC) is a leader in land acquisition, construction and real estate development. Over the past sixty years, the Group has completed thousands of residential, commercial, industrial and mix-use properties to their trademark standards of construction excellence. The Rinomato name stands for integrity, credibility and commitment; attributes that extend to our projects, professional affiliations and relationships. Family-owned and now under our second and third generations of executive leadership, RGC has expanded our business horizons through partnerships with a diversified portfolio of world-class and award-winning brands.

rinomatogroup.com

For over 200 years, JLL (NYSE: JLL), a leading global commercial real estate and investment management company, has helped clients buy, build, occupy, manage and invest in a variety of commercial, industrial, hotel, residential and retail properties. A Fortune 500® company with annual revenue of \$20.8 billion and operations in over 80 countries around the world, our more than 110,000 employees bring the power of a global platform combined with local expertise. Driven by our purpose to shape the future of real estate for a better world, we help our clients, people and communities SEE A BRIGHTER WAYSM. JLL is the brand name, and a registered trademark, of Jones Lang LaSalle Incorporated. For further information,
