SUGARLOAF

LOGISTICS HUB

Foxfield is a real estate investment and development company with a focus on industrial and residential markets. Headquartered in Boston, with offices in Atlanta and Philadelphia, Foxfield searches for unique investment opportunities primarily on the East Coast. Foxfield currently has \$900,000,000+ in assets under management and a portfolio of 8,000,000 SF.

Distilling Opportunity Into Value

Foxfield's sole focus is on finding value. We find value in everything we do. Our expertise lies in uncovering opportunities where others see none, thriving in inefficient markets, and finding value where it is least expected. This proactive and often contrarian approach is driven by a persistent focus on a margin of safety that consistently delivers asymmetric returns for our investors, and value for our tenants.

No Investment Mandate

Foxfield has no equity mandate, thus our investment strategy is driven by our macro market thesis versus strict adherence to product categories, allowing the firm to remain agile and rotate into (and out of) areas of opportunity. We evaluate opportunities on a deal-by-deal basis with a macro viewpoint and make investment decisions based on a robust data-driven, and analytical approach.

Deep Market Expertise

Our strategy is built on the Foxfield partners 30+ years of experience in, and understanding of, the markets in which we invest. Foxfield goes deep on local relationships and micro-market knowledge, leveraging information into unique insights and differentiated execution.
