DOWNTOWN'S NEW FUTURE

PENN WEST INNOVATION HUB

In the heart of Washington D.C., a new beacon of innovation is set to transform the city's technological landscape. The Penn West Global Innovation Hub will serve local and international startups, offering a collaborative space where ideas flourish and partnerships thrive. This state-of-the-art facility, nestled within the Penn West node, will not only provide a physical home for multiple users and programs but also act as the central gathering point for D.C.'s burgeoning tech community. With its focus on interaction, collaboration, and community events, the Hub is poised to become the cornerstone of a vibrant, growing entrepreneurial ecosystem in the nation's capital.

The Hub Will Offer:

- Coworking space and private offices
- Event space (meeting rooms + conference space)
- Shared amenity space (lounges, common areas, etc.)
- Workforce development programs
- Startup programs (incubator and/or accelerator)
- Global soft landing program

A NEW CAPITAL ONE ARENA IS COMING SOON

Spearheaded by Monumental Sports & Entertainment (MSE) and supported by D.C. Mayor Muniel Bowser, this ambitious project represents more than just a facelift for an aging structure. It's a bold vision for the future, one that aims to create a venue that truly embodies the spirit and significance of Washington D.C. Slated for completion in time for the 2027-28 season, the reimagined arena will be a testament to innovation

and community. Every aspect of the visitor experience has been carefully considered, from enhanced entrances and exits to state-of-the-art safety features and improved transportation access. This approach ensures that the new Capital One Arena will exceed the expectations of the millions who pass through its doors each year.
