PREMIER
SAN FRANCISCO
CLASS A BUILDING

Uniquely positioned just off Market and Mission Street, between 1st and 2nd Street, the building is just a block from BART. 71 Stevenson is in the heart of San Francisco’s vibrant South Financial district - one of the hottest neighborhoods in town. This Class A office building is situated amongst a plethora of upscale restaurants, trendy cafés, museums, world class hotels, chic fitness centers, public transportation hubs and easy access to the freeway.

71 Stevenson’s 12,000 to 18,000 +/- square foot typical floor sizes are well suited for single or multi-floor users. The building’s upper floors have spectacular views while the lower floors have great natural light and city views. The building’s updated elevator system and current multi-million dollar lobby renovation, in-house parking garage, easy access to BART, Muni and other public transportations, bike storage, EV charging stations, offer one of the best and synergistic environments for companies striving to attract top talent. The building ownership has continued to invest in the infrastructure and efficient energy upgrades. In addition to be a certified Energy Star Building, the property was awarded the coveted Gold LEED certification by the US Green Building Council in 2018.

Built in 1987, the building has been upgraded in numerous ways. 71 Stevenson combines elegant architecture with modern sophistication and technology. The 23-story Cass A building is home to a variety of different tenants such as Professional Services, Technology, and Non-Profits, among others.
