

For Lease

25,000 to 60,000 SF Premium Warehouse Facility
1870 Transport Lane, Holland, Michigan 49423

Property specifications

Premium cold storage and freezer warehouse facility offering 60,000 square feet of temperature-controlled space ideally suited for food distribution, pharmaceuticals, and frozen goods logistics operations.

State-of-the-art refrigeration systems maintain consistent temperatures down to -16°F (-27°C), meeting stringent cold chain requirements for frozen food products, temperature-sensitive pharmaceuticals, and other perishable goods requiring deep freeze storage conditions.

This facility is designed as a best-in-class distribution center with excellent logistics characteristics. The property offers superior access for inbound and outbound freight operations, facilitating efficient inventory turnover and just-in-time distribution strategies.

RENTAL RATE: \$21.00/SF NNN
