A GEM IN THE PEARL DISTRICT

Located in Portland's vibrant Pearl District and surrounded by upscale shopping, dining, and entertainment destinations, Brewery Block 2 is designed in every detail for the creative class mindset and lifestyle. Following a comprehensive renovation, this historic former brewery now offers all new light-filled Class A office space with state-of-the-art technology, sustainable features, and valuable conveniences.

HISTORY

A HISTORIC SITE IS REIMAGINED

The former site of Portland's 19th century Henry Weinhard Brewery—the oldest continuously operating brewery in the West until it ceased operation in the late 1990s – has been reimagined as an inspiring live-work-play destination. Within this five-block site, Brewery Block 2, the original Brew House and Cellar building, has been recognized for its particular significance with its listing on the National Register of Historic Places in 2000.

A showcase of best-in-class adaptive reuse of a historic property, Brewery Block 2 retains its distinctive industrial character with a brick façade and oversized arched windows while incorporating materials, systems, and features that have resulted in it being LEED-Certified Gold and Fitwel® Viral Response Certified.
