OSAKA, KANSAI, JAPAN
EXPO2025

Half a century after holding the first World EXPO in Japan and even in Asia in 1970, Osaka has been chosen once more as the stage for the EXPO 2025.

This time the theme is centered on “Life” how to make it better for all through the use of the various technologies available to us now and in the near future.

Come and get a chance to take a look through the window to tomorrow with an exciting and thrilling array of performances, displays and more at the official pavilions from more than 30 countries and many more pavilions from domestic private sector businesses while.
