

ROLEX MIDDLE SEA RACE 2020

MEASUREMENT NOTICE

The Persons in Charge of all competing boats are reminded that it is their obligation and responsibility to ensure that their boat fully complies with its rating certificates.

Removal of Fixed Items and Modifications

Persons in Charge are reminded that the removal of fixed items of furniture or fittings from the boat or the modification of the boat in any way is prohibited by the rating rules unless any such modification was declared to the rating authority, the boat measured for rating in this condition and the changes specifically noted on the boat's certificate.

Sails

The attention of Person in Charge is drawn to SI 33.3:

“A boat may not carry sails that they are not rated for and not allowed to use while racing. In particular, a boat rated under IRC with a single furling headsail and a storm jib with or without a heavy weather jib may not carry any other headsail. This changes IRC Rule 21.1.5 and 21.8.4.”

Compliance

A boat may be inspected for compliance with its certificate at any time before or after the race.
