

SALISBURY & CO

VIRTUO CUTLERY SET

Caring for your cutlery

Your stainless steel cutlery features a coloured finish so we recommend you hand wash this set to ensure it remains in good condition for years to come.

To keep your cutlery looking pristine at all times:

- Rinse food off as soon as possible
- Do not leave unwashed for extended periods of time
- Do not leave cutlery wet or soaking
- Do not use steel wool or abrasive cleaners as they may scratch the cutlery
- Do not leave cutlery to drip dry
- Use a tea towel or soft cloth to wipe dry before storing
