請務必理解上述的安全預防措施。

Assurez-vous que les précautions ci-dessus relatives à la sécurité sont bien comprises

Versichern Sie sich, dass die obenstehenden Sicherheitsmaßnahmen Verstanden werden

Βεβαιώνετε πως οι παραπάνω προφυλάξεις ασφαλείας γίνονται κατανοητές

Pastikan bahwa tindakan-tindakan keselamatan seperti di atas dimengerti anda

Accertatevi che le suddette norme di sicurezza siano comprese a dovere

上記の注意事項をよくお読みになり、安全を御確認ください

Уверете се дека погоре споменатите мерки на претпазливост се добро разбрани

Asegúrese de que las precauciones de seguridad precedentes sean bien comprendidas

کاری بکنید کہ احتیاطهای بالا حتماً درک بشوند

ต้องแน่ใจว่า ข้อควรระวังเรื่องความปลอดภัยข้างต้น เป็นที่เข้าใจกันดี

Yukarda belirtilen güvenlik önlemlerinin anlaşıldığından emin olunuz

Xin kiểm chắc rằng những biện pháp làm an toàn kể trên được hiểu rõ

# Sunbeam's Safety Precautions

**When using electrical appliances, basic safety precautions should always be followed to reduce the risk of fire, electric shock, and injury to persons.**

**These precautions include:**

- Read all instructions before using the appliance.
- To avoid fire or shock hazard, plug the appliance directly into appropriate electrical outlet.
- If the filter is covered by a bag when shipped, remove plastic bag before use and keep away from children.
- Keep the cord out of heavy traffic areas. To avoid fire hazard, never put the cord under rugs, near heat registers, radiators, stoves, or heaters.
- To protect against electrical hazards, do not immerse the appliance or use near water or other liquids.
- This appliance is not intended for use by children or by persons with reduced physical, sensory, or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety. Close supervision is necessary when any appliance is used near children. Children should be supervised to ensure that they do not play with the appliance. Keep the appliance and its cord out of reach of children.
- Always turn the appliance off before unplugging it.
- Always unplug the air purifier before moving or cleaning the unit, opening the filter chamber cover, changing the filters and whenever the unit is not in use. To disconnect the unit, be sure to pull the plug and not the cord.
- Never drop or insert any objects into the openings of the unit.
- Do not operate any appliance with a damaged cord or plug. If the motor fan fails to operate or the unit has been dropped or damaged in any manner, return appliance to manufacturer for examination and/or repair.
- Use appliance only for intended household use as described in this manual. Any other use not recommended by the manufacturer may cause fire, electric shock, or injury to persons.
- Do not use outdoors.
- Never place on a soft surface such as a bed or sofa as this could cause the unit to tip over and block the air inlet or outlet grilles.
- Keep unit away from heated surfaces and open flames.
- Do not place anything on top of unit.
- Never use detergents, gasoline, glass cleaner, furniture polish, paint thinner or other household solvents to clean any part of the appliance.
- This appliance should only be used in a room with temperatures between 10° C and 40° C.
- **WARNING:** To reduce the risk of fire or electric shock, do not use this appliance with any solid-state speed control device.
- **CAUTION:** To prevent risk of electric shock, remove cord plug from outlet before opening appliance. To prevent risk of fire, inspect and clean equipment regularly as noted in this manual.

## SAVE THESE INSTRUCTIONS HOUSEHOLD USE ONLY

If you have any concerns regarding the performance and use of your appliance, please visit the Sunbeam website or contact the Sunbeam Consumer Service Line. Ensure the above safety precautions are understood.

# Get To Know Your Air Purifier

1. Top Air Vent
2. Control Panel
3. Nightlight
4. 360 Air Intake
5. True HEPA Filter Chamber Cover
6. Chamber Cover OPEN/CLOSE Button

# Control Panel & Features

### On/Off Button

A dual function button, turns unit on or off and selects Fan Speed Settings.

### Timer

For your convenience, you can set the air filtration time for 2, 4, or 8 hours. Once it reaches set time, the unit will automatically turn off. If you want to cancel the set time, simply press this button to cycle through until the light goes off.

### Fan speed settings

- For optimum air filtration, it is recommended to operate the air purifier continuously on speed II (Medium). Its durable motor has been designed to give many years of use.
- For quieter operation (such as in a bedroom), select speed I (Low).
- When high levels of air pollution are present, select speed III (High) to quickly circulate and filter the air in the room.

### Nightlight

The (💡) illuminates when the nightlight feature is activated.

### Filter Replacement Indicator

The (🗑️) starts blinking when it is time to replace the filter.

# Product Specifications

<b>CADR</b>	Smoke: 153 m3/hr	<b>Noise Level on High Speed</b>	55dB(A) max
<b>Fan Speeds</b>	3	<b>Power Consumption</b>	38W

## Getting Started

1. Gently place the air purifier on its side to expose the filter chamber cover.
2. Open the cover following the instructions in How to Replace the HEPA Filter on page 5. Pull the filter out of the air purifier and remove the plastic bag.
3. Insert the filter back into the unit and close the cover.
4. Your unit is equipped with a True HEPA filter that will last for approximately 12 months.

## Operating Instructions

1. Place the unit on a dry, stable and firm surface. Make sure not to block the top air vent and air intake grille.
2. Plug unit into appropriate electrical outlet.
3. Select desired fan speed setting: III (Hi), II (Medium) and I (Low) by pressing the ON/OFF (⏻) button to cycle through the speeds until it reaches desired speed setting.
4. Note: For optimum air filtration, it is recommended to operate the unit continuously on speed II (Medium). Its heavy-duty motor was designed to provide many years of use.
5. **Important:** Always turn off and unplug the unit when not in use.

## Care And Maintenance

Before cleaning the air purifier, turn off and unplug.

Clean the exterior surface with a clean, damp cloth.

The top air vent can be cleaned of dust with a small, soft brush.

If you would like to clean the inside of the filter compartment, ONLY use a dry, soft cloth to wipe it down.

**WARNING:** Do not allow moisture to come into contact with the main housing of the air purifier.

NEVER use detergents, gasoline, glass cleaner, furniture polish, paint thinner, or other household solvents to clean any part of the appliance.

# How To Replace The Hepa Filter

It is recommended to replace the True HEPA filter every 8-12 months.

1. The Filter Replacement Indicator light (🔦) starts blinking when it is time to replace the filter. Turn off and unplug air purifier. Replace the HEPA filter with a new one.

2. To replace:

3. Close and lock the cover. Place the air purifier on a flat surface.
4. Plug the unit into an electrical outlet. Reset the Filter Replacement Indicator by pressing and holding the On/Off (⏻) and Timer (⌚) buttons simultaneously for 3 seconds until you hear a beep and the light goes off.

\*Replacement filters (SAPF0900) can be purchased through local service centres.

## Troubleshooting

Problem	Solution
Why is my unit not working?	<ul style="list-style-type: none"> <li>✓ Check if unit is properly plugged in and outlet is working.</li> <li>✓ Make sure unit is turned ON.</li> <li>✓ Make sure the filter is properly installed.</li> </ul>
Why is there a decrease in air flow?	<ul style="list-style-type: none"> <li>✓ Make sure nothing is blocking air intake grille and filtered air outlet.</li> <li>✓ Check condition of the filters and replace if necessary.</li> <li>✓ Check filter to remove any plastic wrapping/ packaging.</li> </ul>
Why is the unit making a loud noise?	<ul style="list-style-type: none"> <li>✓ Make sure the unit is firmly positioned in place.</li> <li>✓ Open filter chamber cover and verify that any plastic packaging was removed from the filter.</li> </ul>

This Sunbeam product is covered by a 12 month replacement or repair warranty, which is in addition to your rights under the Australian Consumer Law (if your product was purchased in Australia) or New Zealand Consumer Guarantees Act (if your product was purchased in New Zealand).

Upon receipt of your claim, Sunbeam will seek to resolve your difficulties or, if the product is defective, advise you on how to obtain a replacement or refund.

To assist us in managing warranty claims, we recommend you register your product as soon as practicable after purchase by creating a MySunbeam account on our website and uploading a copy of your original receipt.

In order to make a claim under our warranty, you must have the original proof of purchase documentation for the product and present it when requested (if not already uploaded to our website).

Should your product develop any defect within 12 months of purchase because of faulty materials or workmanship, we will replace or repair it, at our discretion, free of charge. A product presented for repair may be replaced by a refurbished product of the same type rather than being repaired. Refurbished parts may be used to repair the product.

Our replacement or repair warranty only applies where a defect arises as a result of faulty material or workmanship during the warranty period. Your warranty does not cover misuse or negligent handling (including damage caused by failing to use the product in accordance with this instruction booklet), accidental damage, or normal wear and tear.

Your warranty does not:

- cover freight or any other costs incurred in making a claim, consumable items, accessories that by their nature and limited lifespan require periodic renewal (such as filters and seals) or any consequential loss or damage; or

- cover damage caused by:
  - power surges, power dips, voltage supply problems, or use of the product on incorrect voltage;

- servicing or modification of the product other than by Sunbeam or an authorised Sunbeam service centre;
- use of the product with other accessories, attachments, product supplies, parts or devices that do not conform to Sunbeam specifications; or
- exposure of the product to abnormally corrosive conditions; or

- extend beyond 3 months if the product is used in commercial, industrial, educational or rental applications.

**The benefits given to you by our warranty are in addition to other rights and remedies under law in relation to the product.**

**In Australia our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.**

**Our goods also come with guarantees that cannot be excluded under the New Zealand Consumer Guarantees Act.**

If your warranty claim is not accepted, we will inform you and if requested to do so by you, repair the product provided you pay the usual charges for such repair. You will also be responsible for all freight and other costs.

Should your product require repair or service after the warranty period, contact your nearest Sunbeam service centre. For a complete list of Sunbeam's service centres, visit our website or call our customer service line for advice on 1300 881 861 in Australia, or 0800 786 232 in New Zealand.

Should you experience any difficulties with your product during the warranty period, please contact our customer service line for advice on 1300 881 861 in Australia, or 0800 786 232 in New Zealand.
