

JET.II

THE ANSWER TO YOUR WISHES: OUR DIVERSITY.

NECK SUPPORT

(optional) relaxes the neck area.

CLOTHES HANGER
optionally available.

BACKREST

The curved backrest is modeled on the spine for a comfortable sitting position. Height adjustable from 600 to 660 mm.

LORDOSE

(optional) provides optimal support for the lower back.

ARMRESTS

Adjustable in width, height, and depth, as well as swiveling, they relieve strain on the shoulders and neck.

SUSTAINABLE SEAT COVER

Slip-on seat cover to conceal/protect heavily used or damaged upholstery.

SEAT CUSHION

Available in hard or soft.

CONTROL ELEMENTS

for adjusting the ergonomically correct seat height, with optional seat depth and tilt adjustment.

SEATING CONCEPT

Optional synchronous mechanism or i-seating®-mechanics: Sit ergonomically correctly in every situation.

BASE

in different designs. (Aluminum with various powder coatings, chrome, polished aluminum, or plastic).
