### Product optimisation:

Storage box, PET felt

### **Scheduling:**

Available to order immediately,  
earliest delivery KW 46

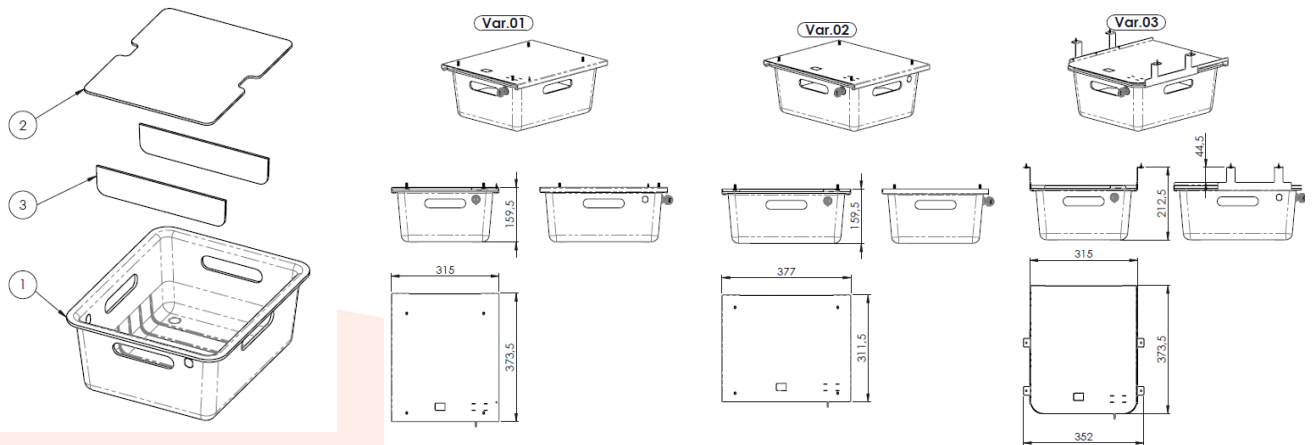

### **Changes:**

Until now, the storage box has been outsourced as an off-the-shelf solution with no distinguishing features. It is now possible to offer a far more competitively priced and market-oriented variant thanks to in-house development and production using an external supplier. The basic price has changed from 399.00 € to 137.50 € sales list price, with an optimised range of uses and a high standard of quality.

The felt drawer ZUFLZSCHUB (project-specific) has been discontinued.

The differences and benefits are summarised on the next page.
