

TENSA.NEXT

THE CORPORATE SEAT OF THE FUTURE:
THE NEXT GENERATION

THE ADVANTAGES OF TENSA.NEXT

- 1 *The next generation of the ergonomic miracle with optimised DTS synchro-mechanism (Dynamic Torsion System).*
- 2 *The lateral movement of the seat and backrest, which promotes dynamic sitting and freedom of movement while providing support in any sitting position, has now been further enhanced.*
- 3 *The simultaneous lowering of the front edge of the seat prevents pressure points on the thighs.*
- 4 *New: The forward-tilt adjustment inclines the seat and backrest forward by 4°.*
- 5 *The innovative lumbar support features an inflatable air cushion and is height-adjustable.*
- 6 *Thanks to a slender bar at the top of the backrest, the chair can be moved around without the need to touch the upholstery.*

STRIKING
TENSA.NEXT with an attractive backrest frame that extends beneath the seat.

DESIGNED BY **ITO**® DESIGN

THE NEW WORKPLACE: *FORWARD-LOOKING*

Flowing transitions: An elegantly curved bar is integrated harmoniously into the slim frame.

THE MORE STATIC THE WORK, THE MORE ONE SHOULD MOVE WHILE SITTING. THIS PRINCIPLE HAS BEEN IMPLEMENTED IN A TOTALLY NEW WAY FOR TENSA.NEXT – WITH A VIEW TO THE OFFICE OF THE FUTURE. THE ADVANCED ERGONOMIC CONCEPT AND HIGH-QUALITY DESIGN ARE A PERFECT FIT FOR ANY FORWARD-LOOKING COMPANY.

PRODUCTS:
TENSA.NEXT, LIFE.S and NET.WORK.PLACE elements

GOOD PROSPECTS FOR THE *ENTIRE TEAM*

THE BACKREST IS AVAILABLE IN FOUR VERSIONS: DURABLE AND FULLY UPHOLSTERED, ELEGANTLY RIBBED, TRANSPARENT MESH FABRIC OR SOFT 3D FABRIC. THE BACKREST IS 67 CM HIGH, ENSURING THAT IT IS ALSO COMFORTABLE FOR TALLER INDIVIDUALS.

PRODUCTS:
TENSA.NEXT, LIFE.S Bench, steel pedestal

THE ERGONOMIC CONCEPT: *FORWARD-LOOKING*

THE PATENTED DTS SYNCHRO MECHANISM (DYNAMIC TORSION SYSTEM) HAS BEEN SPECIALLY OPTIMISED FOR TENSA.NEXT. THE MECHANISM'S FOUR-WAY SUSPENSION ALLOWS IT TO REACT WITH UNIQUE PRECISION TO EVERY BODY MOVEMENT, WHILE THE EXPANDED RADIUS OF MOVEMENT OF THE BACKREST AND SEAT PROMOTE DYNAMIC SITTING. THE "TWISTING" BACKREST ALSO PROVIDES SUPPORT WHENEVER THE USER TURNS OR LEANS TO THE SIDE.

THE DESIGN: *SOPHISTICATED*

ERGONOMICS FROM THE EXPERTS: THE NEW SEAT TILT ADJUSTMENT ALLOWS THE SEAT AND BACKREST TO TILT FORWARD BY 4°. THIS STRAIGHTENS THE UPPER BODY WHILE HELPING TO PREVENT THE USER FROM HUNCHING THEIR BACK. THE IDEAL SYNCHRONOUS RATIO OF 1:2 (SEAT AND BACKREST) AND THE LOWERING OF THE FRONT EDGE OF THE SEAT WHEN RECLINING GUARANTEES HEALTHY SITTING.

Details that reveal vision

1 | VERSATILE BACKREST

The comfortable backrest is available in fully upholstered, mesh fabric, 3D-fabric and ribbed versions.

2 | STYLISH BAR

The slender bar is integrated harmoniously into the upper part of the frame.

3 | SPORTY DESIGN

The seat dips below the backrest, adding an elegant touch.

4 | INDIVIDUAL SETTINGS

The lumbar support with air cushion can be manually adjusted by each user.

5 | IMPROVED MECHANISM

When the seat tilt is adjusted, the seat is lowered, keeping the pelvis upright.

6 | VARIABLE ARMRESTS

The height and supporting surfaces of the ergonomic multifunctional armrests can be set to suit the individual.

7 | SOLID FOUNDATION

Star bases are available in a number of versions: black plastic, powder-coated aluminium, polished or chrome. An aluminium star base with flat spokes is also available. Castors are available for both soft and hard floors.

Product overview

Technology

Mechanism	DTS synchro-mechanism (Dynamic Torsion System)	•
Opening angle	24° (maximal 32°)	•
Synchro ratio	1:2	•
Individual weight adjustment	45 - 120 kg	•
Seat height adjustment	420 - 515 mm	•
Seat depth adjustment	50 mm in 6 positions	•
Forward tilt adjustment	4° forward tilt	•
Backrest lock	3 positions	•
Integral shock absorption	Yes	•
Seat	Upholstered	•

Backrest

	Backrest frame with	
	- Upholstery	•
	- Mesh fabric or 3D mesh fabric	•
	- Ribbed fabric	•
Lumbar support	Inflatable air cushion, adjustable in height and depth	o

Armrests

3D multifunctional armrest	Height, width and depth adjustable, pads swivel	•
	Optional with leather armrest top	o

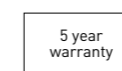

Dimensions

Seat height	420 - 515 mm
Seat width	480 mm
Seat depth	390 - 440 mm
Back width	500 mm
Back height	670 mm
Total width incl. armrests	678 mm
Total depth	645 mm

Colours

Plastic parts	Black
Star bases	Black plastic
	Aluminium (2 types of spokes)
	Powder-coated, polished aluminium or chrome
Castors	Black
