

BASIC.4 + JET.II + VALYOU

# TRUE EVERYDAY HEROES FOR TEAMWORK AND CONCENTRATION

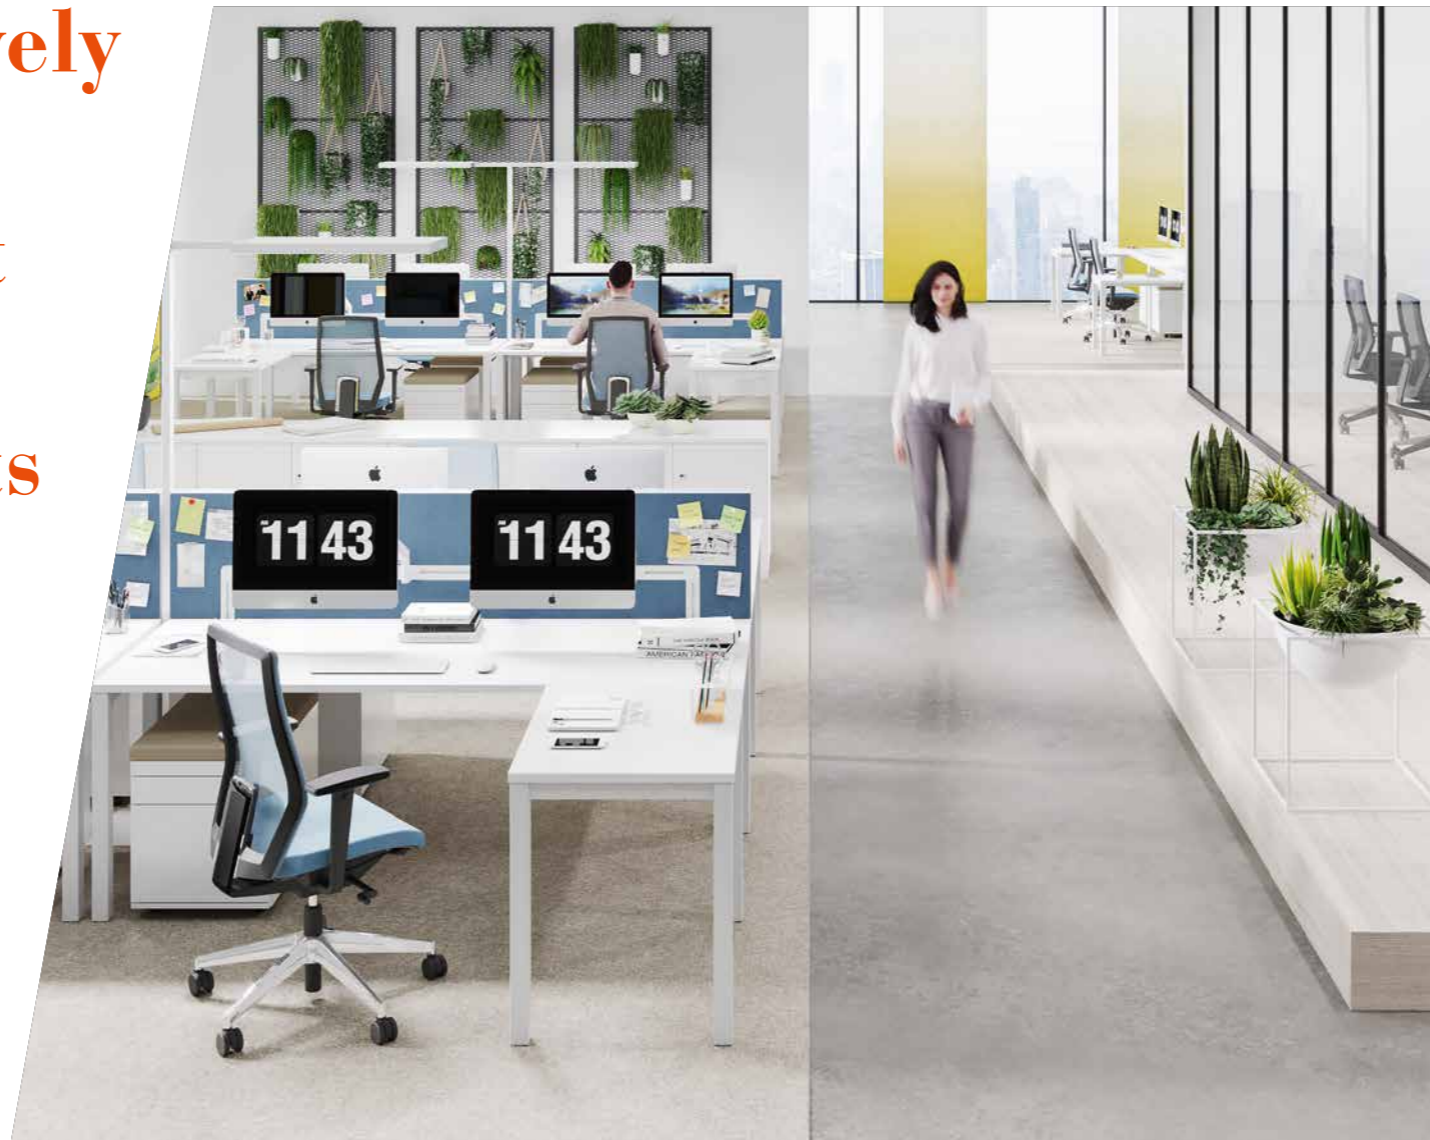

People work effectively and successfully if their environment matches their work culture and supports it. And that's our specialist field!

As one of the leading providers of office furniture, seating and room systems, we develop integrated solutions for individual work cultures.

Dialogue or concentration, team or single workstation: **BASIC.4**, **JET.II** and **VALYOU** are fuss-free partners for a whole range of work scenarios. Reduced to the essentials and pleasantly understated in design, these products are true everyday heroes – without all the hype. See for yourself!

Products:  
BASIC.4, JET.II, pedestals, NET.WORK.PLACE elements,  
MOVE.MIX bar stools, meeting table, HORIZONTE

## TEAMS WORK - AND OUR FURNITURE HELPS THIS HAPPEN!

Many workplace success stories start in a team – as a result of interaction between a variety of skills and characters. It's a smart idea to allow scope for them all! You might assume it's not that easy in an open office environment? You probably think it's either teamwork or concentration? **BASIC.4** and **JET.II** give you the perfect basis to ensure that both can be a success.

Acoustic screens ensure that your employees can concentrate fully – even at team workstations.

# BOTH CONCENTRATED AND OPEN MINDED IN THE OPEN SPACE

Furnishing is straightforward with **BASIC.4** and **JET.II** – so you're ready for anything a day at the office might throw at you. Single workstations in open space offices, with the meeting going on right next door? **BASIC.4** and **JET.II** become an integral part of your design, so you and your employees can rely on them in the most varied situations.

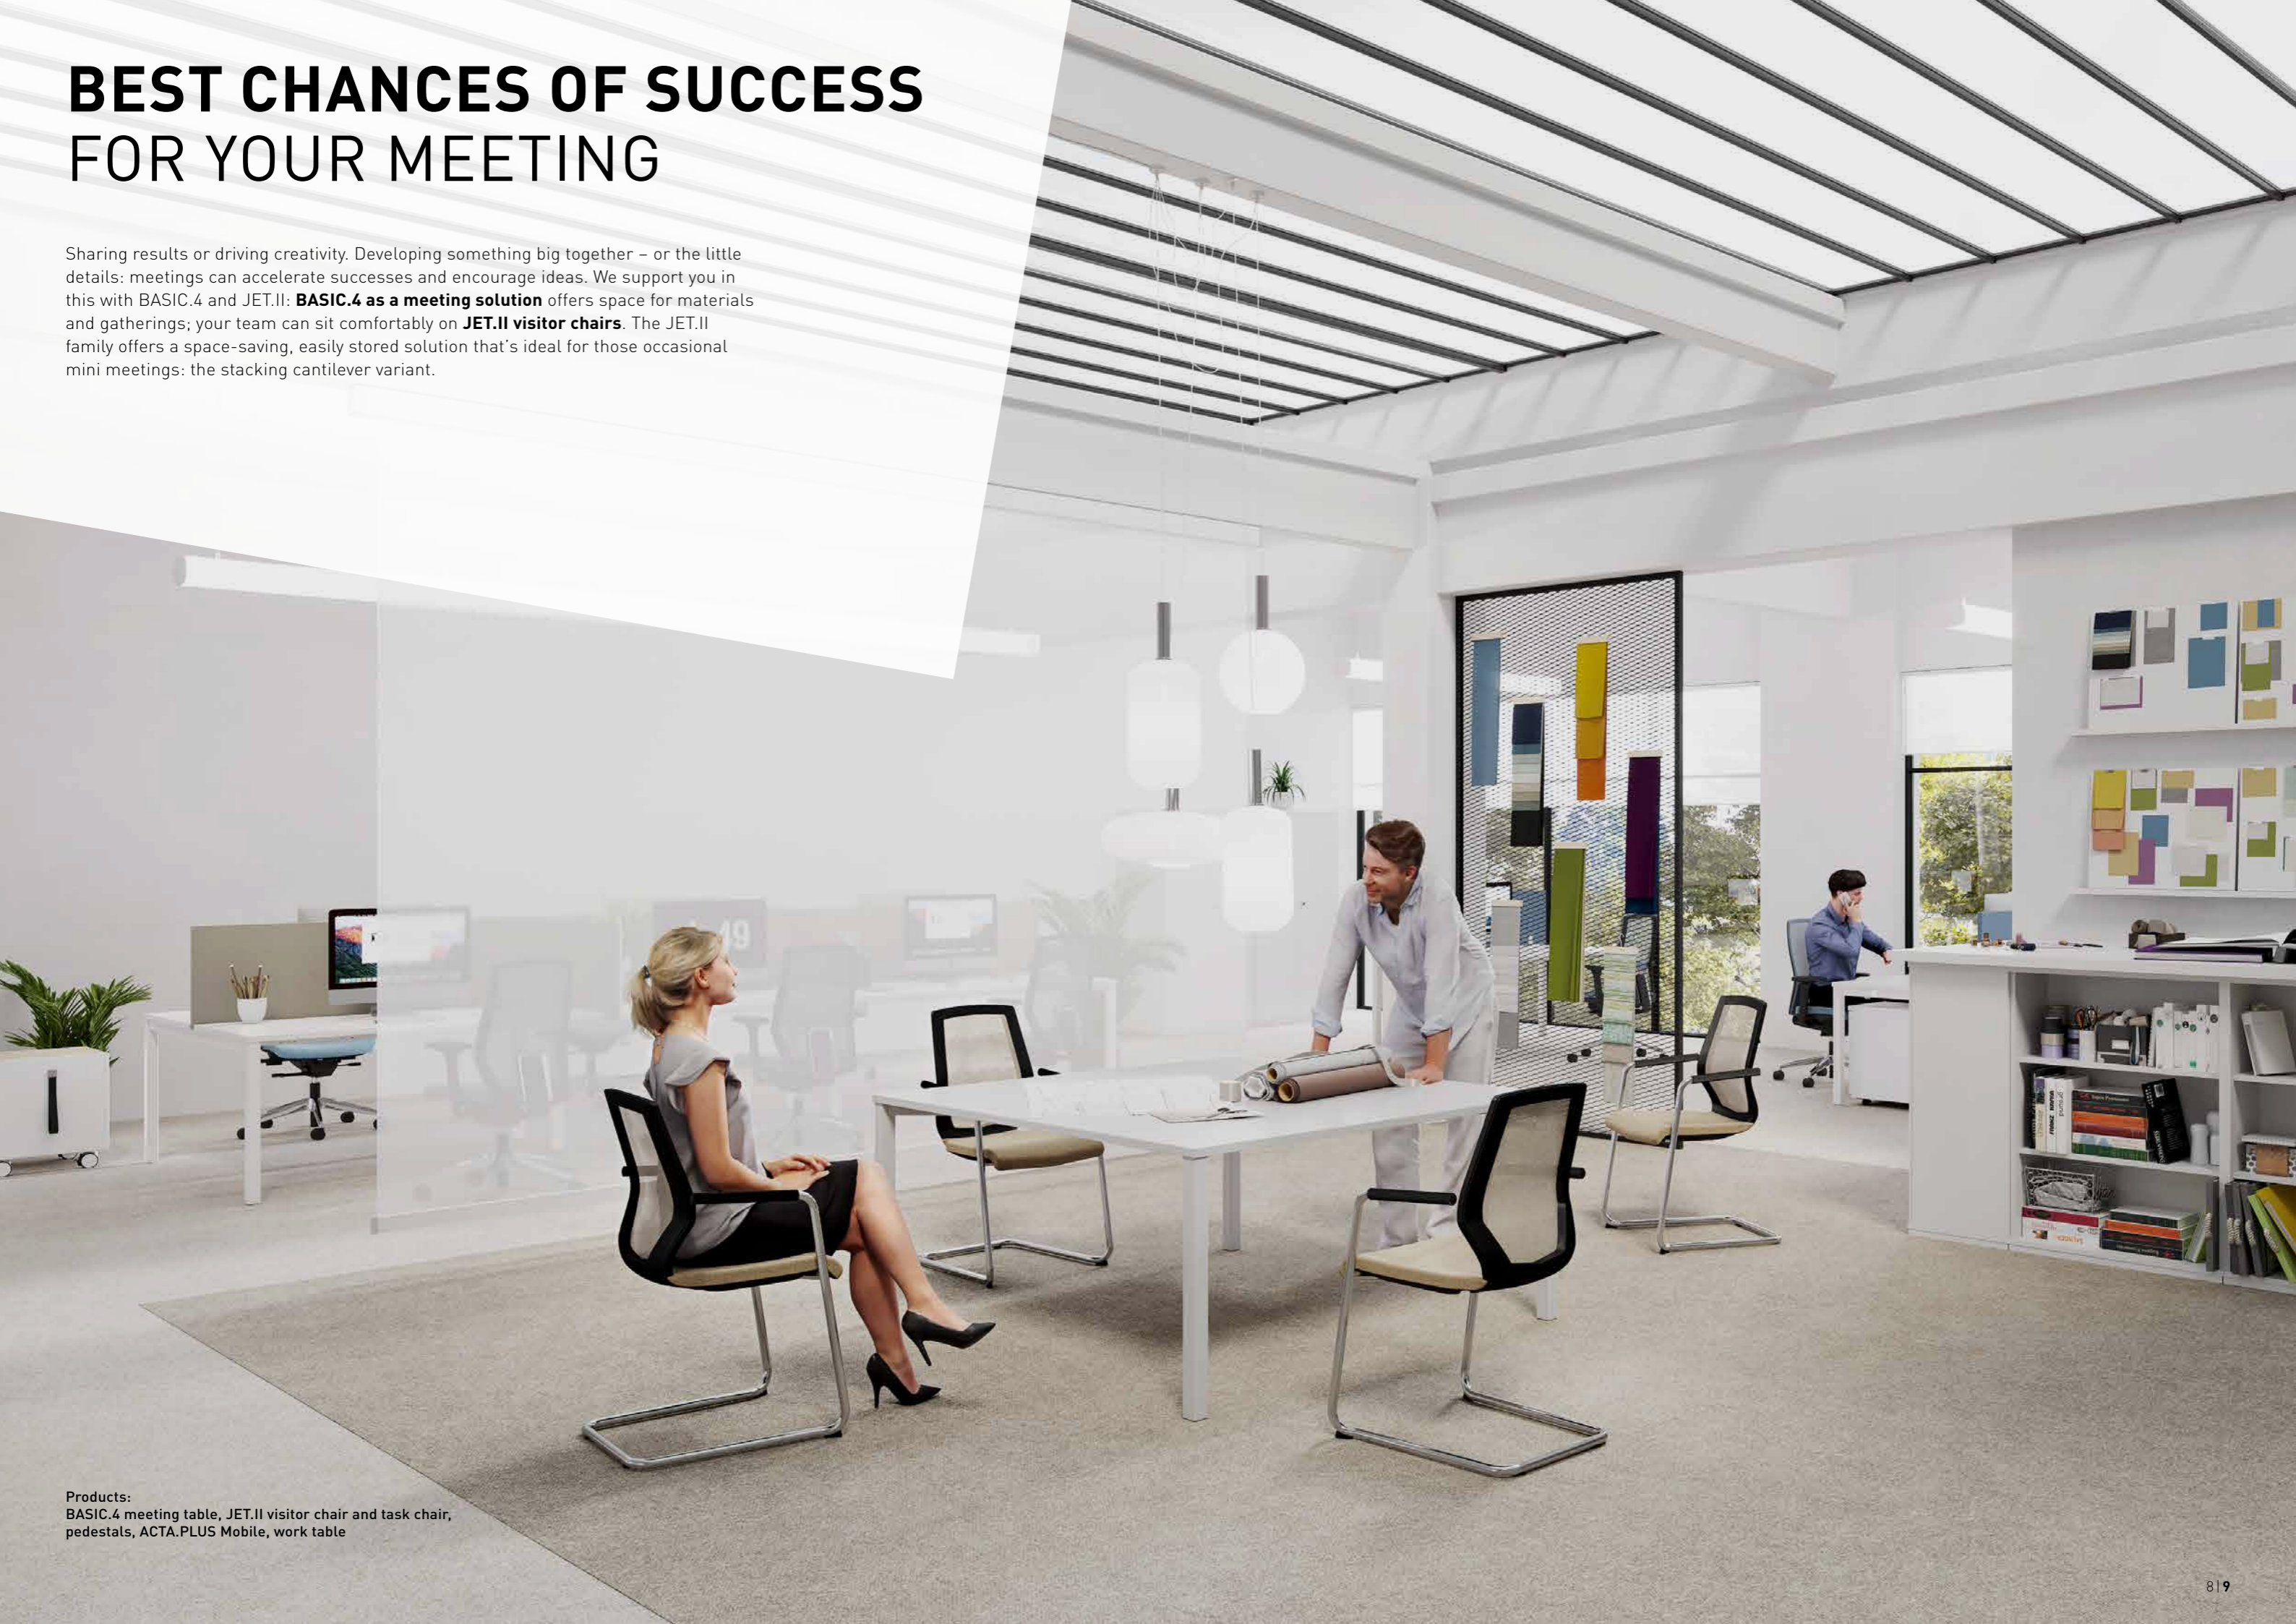

Products:  
BASIC.4, JET.II, pedestals, NET.WORK.PLACE Organic elements,  
QUICK.II, ACTA.CLASSIC, QUIET.BOX Organic

# BEST CHANCES OF SUCCESS FOR YOUR MEETING

Sharing results or driving creativity. Developing something big together – or the little details: meetings can accelerate successes and encourage ideas. We support you in this with BASIC.4 and JET.II: **BASIC.4 as a meeting solution** offers space for materials and gatherings; your team can sit comfortably on **JET.II visitor chairs**. The JET.II family offers a space-saving, easily stored solution that's ideal for those occasional mini meetings: the stacking cantilever variant.

Products:  
BASIC.4 meeting table, JET.II visitor chair and task chair,  
pedestals, ACTA.PLUS Mobile, work table

# YOUR WORKSTATIONS: TEMPORARY. YOUR SUCCESSES: LASTING!

One room. One working day. And the most wide-ranging tasks performed by a rotating team: Stay open-minded – and generous in design! Plentiful ideas and creative dialogue take a seat alongside planning and controlling at the **BASIC.4 bench system**. Ideal for any work culture with a need for temporary workstations and a desire to provide them in an attractive setting.

ACTA.PLUS lockers with a variety of locking mechanisms provide an attractive storage facility for temporary workstations.

Products:  
BASIC.4 bench system, VALYOU, ACTA.PLUS lockers and wardrobe,  
pedestals, NET.WORK.PLACE elements, INSIDE.50 counter, PUBLICA bar stools

Furnishing is straightforward –  
be ready for anything a day  
at the office might throw at you

**BASIC.4**  
**JET.II**  
**VALYOU**

**6 | COUNTER CHAIR**

Ideal for the reception area or exhibition stand.

**7 | FULLY-UPHOLSTERED ANTI-STATIC MODEL**

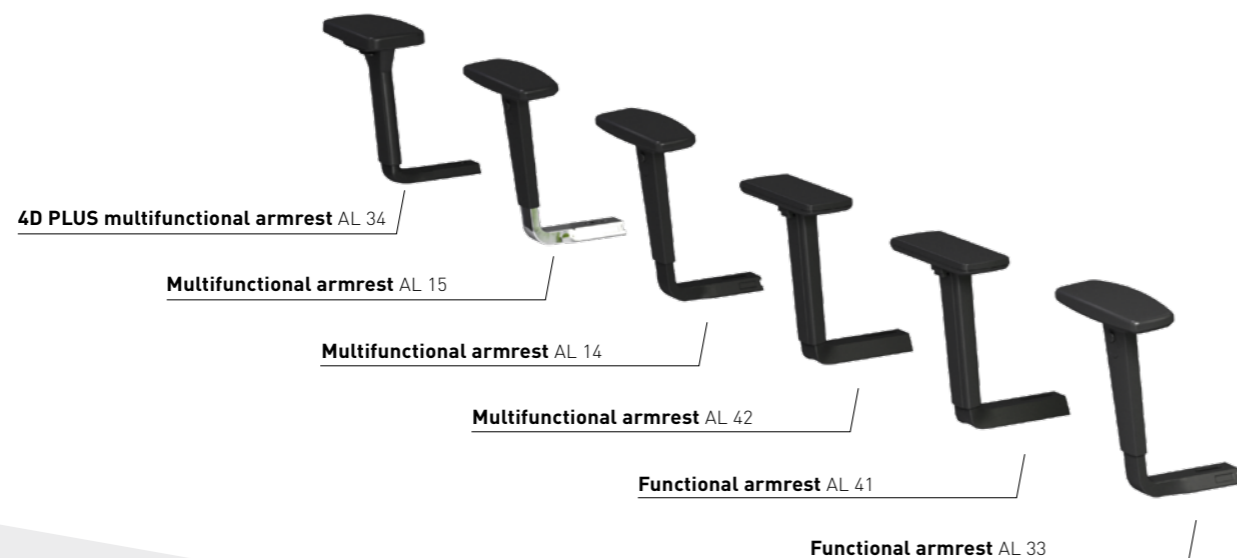

With special upholstery, castors, starbase chrome or aluminium polished and with conductive properties.

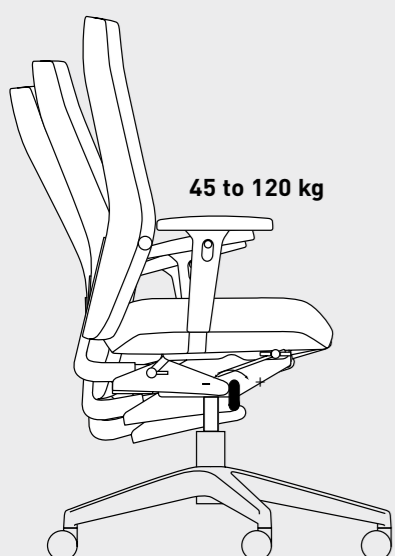

# ENDLESS OPTIONS

**JET.II is individually configurable, boasting numerous design variants for posture, back/armrests, as well as a selection of fabric qualities.**

The ERGONOMIE PLUS option features premium outfitting – with synchro mechanism, 4D Plus multifunctional armrests and 100 mm seat depth adjustment to bring it into line with the NPR directive.

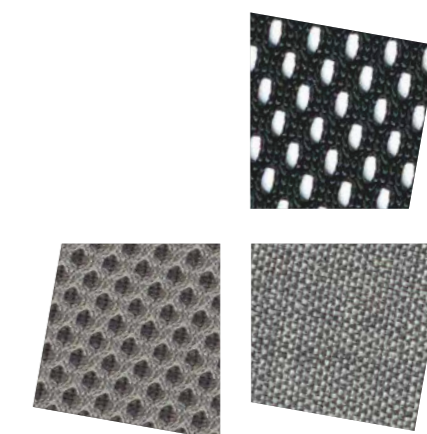

## MECHANISMS FOR HEALTHY, DYNAMIC SITTING

**SYNCHRO MECHANISM**  
The seat and backrest move in tandem with the body in a ratio of 1:2.5. The counter-pressure can be adjusted individually.

**I-SEATING® MECHANISM**  
The user's weight is detected and automatically transferred to the backrest in the form of counter-pressure without the need for further manual adjustment – the sitting position is intuitively correct, which means that the chair can be used by different people in rapid succession.

**COMPREHENSIVE FABRIC COLLECTION**  
Discover more than 150 colours, qualities and structures!
