

OKAY.III

MORE MOMENTUM FOR YOUR WORK RHYTHM

Our swivel chair with bounce effect

The workplace is changing: it's becoming more flexible, the boundaries between life and work are increasingly fluid. Your office furniture should also help by adapting to your work rhythm and taking the strain off your body. **It's time for a swivel chair like OKAY.III! Its flexible backrest lets you experience a bounce effect when you lean back – you'll feel almost weightless but then the chair catches and stabilises you. It encourages you to move round more, improving your circulation and allowing healthier sitting behaviour. The relaxation factor is further enhanced by the homely look and harmonious form.**

WHERE DO YOUR IDEAS FEEL AT HOME?

Just a few years ago, work and leisure were clearly separate from each other. Things are changing more and more with digitisation. As a consequence, more is required of the workplace as well. Shouldn't the place in which I play an active role and realise my full potential be as pleasant as possible? A swivel chair like **OKAY.III**, used here in an open space office with a clear, reduced design, combines outstanding features with a homely look for a true sense of wellbeing.

TEAMWORK AT ITS MOST BEAUTIFUL

The more we are able to pool our expertise, the more successfully we can work as a team. You see, unusual combinations unleash creativity. OKAY.III combines a sturdy, comfy-looking exterior with innovative technology: the “bounce band effect” channels the energy of your movement so you can experience weightlessness and gravity at the same time. Try it out!

DESIGN WITH FUNCTION BALANCE AND HARMONY

Experience shows that a good balance of collaboration and me-time in the office unleashes creative inspiration. If you practise a work culture that encourages activity, allows people to move around and caters for their interests, you've laid the foundations for innovative solutions and productivity. In terms of furnishing solutions this means: individual workstations with height-adjustable **ACTIVE.T desks** and **OKAY.III swivel chairs**.
