TALO.YOU cable tray fixed and folding

Scheduling:

Available as an option from
August Week 33

● Fixed cable tray	● Folding cable tray:
<p>The fixed cable tray available as an option for TALO.YOU has undergone a redesign. The high height variant (option KW19) is being replaced by option KW24. As a result the tray has increased in volume and its depth is now 170 mm.</p> <p>The cable tray now provides optimum storage for cables and plug sockets.</p> <ul style="list-style-type: none"> - for desk width 1800 mm and 2000 mm the cable tray is no longer split, but is supplied as a full-width unit with a central notch. - Prices have been reduced, because there is now only one cable tray instead of two. - All cable trays are bolted in place rather than hooked in as before. - The low height variant, 72 mm (option KW18), is no longer available due to lack of demand. 	<p>The TALO.YOU folding cable tray (option KW21) has been changed to a full-width specification for desk widths 1800 mm and 2000 mm. The trays were split previously due to the central bracket, and have now been replaced by a full-width unit, which has a notch to allow for the central bracket. Prices have been reduced, because there is only one cable tray instead of two.</p> <p>Changeover date: Order entry from 15.8.22</p>
