

CLEAR FORMS
VERSATILE *FUNCTIONS*

A workstation system as it should be:

focussing on the essentials. Extremely functional; yet an attractive, high-quality look. At the same time, BASIC.4 is able to fulfil a variety of requirements – and is therefore the perfect basis for efficient working.

THE IDEA: A functional, modular workstation system that looks anything but boring despite its minimalist form. But how can you give it that distinctive look with an absolutely clear-lined design? Through its finish, for instance. That's why we've used mitring and a shadow gap as design elements, and we've added another desk with its own character to complement the functional design of the existing models.

GOOD STYLE AT WORK *IS THAT EASY*

CLASSIC, DOWN-TO-EARTH, FUNCTIONAL – YET SOPHISTICATED AS A RESULT OF THE MITRED EDGES AND SHADOW GAP. THE BASIC.4 SYSTEM IS CONVINCING AS A RESULT OF ITS SIMPLE ELEGANCE, ALWAYS LOOKING GOOD IN THE MANY DIFFERENT STYLES THAT ARE AVAILABLE. IT HAS OPTIONAL HEIGHT ADJUSTMENT TO ADAPT EVEN BETTER TO THE VARYING REQUIREMENTS OF THE WORKPLACE. IT MAKES WORKING A POSITIVE EXPERIENCE.
