
**In good
company –
from conference
to lounge.**

PUBLICA

Straightforward. Suitable for everyday use. But not run of the mill. Not only is PUBLICA suitable for any environment with its clear-cut styling, it's also suitable for any occasion: It comes as a multi-purpose and conference chair, a lounge chair, a bench and even as a bar stool.

The idea: to create a chair range for all communication zones that's aesthetically and functionally convincing. For a variety of uses from the canteen to the working lounge. Distinctively designed without being brash. The reality: five styles for the key applications. It has very clear design lines and the seat shell has an elegantly slim profile, making the overall impression one of lightness.

5-year guarantee

In seminar and training rooms, in the canteen or in the office for visitors: the PUBLICA contract chair is discreet yet striking – on its own or linked in rows. Numerous upholstery and shell alternatives are available, as well as accessories such as armrests, row/seat numbers or writing tablets, making it ideal for a variety of requirements. It always cuts a fine figure wherever it is used.

Functionality has many aspects: this contract chair does more than offer a comfortable seat.

1 | Straightforward: Swift row linking with separate, easily attachable row and seat numbers.

2 | As you like it: Armrest in chrome or powder-coated finish, just as you wish and irrespective of the frame colour.

3 | Spacesaving: No limit to stacking height. And PUBLICA has its own practical stacking trolley.

4 | Compact: the PUBLICA bench for the waiting area.

Good to know: as an option, PUBLICA provides more than comfort and versatility. All models with a wooden shell – upholstered or not – and all fully-upholstered models can be specified in a „low flammability“ version. The upholstery fabrics for this can be found in the K+N fabric collection, with their low flammability indicated by the B1 rating.

Practical and simple, at home in any environment.

5 | Practical: Fold-out tablet on left or right, ideal for training and similar applications – it's also retrofittable.

6 | Inviting: Seat shell available in various types of wood, as well as in white or black plastic.

Elegance and lightness
look good everywhere.

7

8

9

10

11

7 | Versatile: The conference chair has infinitely variable height adjustment.

8 | Straight-lined: The armrest top comes in black as standard, or alternatively in wood.

9 | Comfortable: The conference chair is optionally available with full upholstery.

10 | Elegant: Four-star base in a selection of finishes including white, black and chrome.

11 | Substantial: Five-star base with castors.

Plenty of room and very elegant: the lounge chair. The full upholstery with decorative piped seams and the flexibly fitted seat make the chair especially comfortable. At the same time its purist looks make it an attractive design object. The four-star base in either a powder-coated or chrome-plated finish reinforces its balanced appearance. This seat is particularly suitable for waiting rooms and reception areas.

These chairs coordinate with one another. And they adapt to any requirements.

12

13

14

12 | Relaxing: The lounge chair with a seat width of 56 cm.

13 | Adaptable: The conference chair with its height-adjustable seat.

14 | Confidently stylish: the fully-upholstered PUBLICA bench

15 | Pleasurable: The contract chair with its plastic shell and optional upholstery.

16 | Highly comfortable: The bar stool with its ring footrest and optional seat and back upholstery.
