

DO IT.4 + ACTA.PLUS + OKAY.II

CLEAR DESIGN FOR DIVERSE TEAMS

The ideal office allows space for new ideas and lets people develop their full potential. What could that look like? That's our specialist field!

We've spent decades helping companies shape their work cultures. With the right furniture and inspiring style collections. Here we present purist solutions with which you can create a wide variety of harmonious work environments and office situations: **DO IT.4** workstations, **OKAY.II** chairs and **ACTA.PLUS** storage. Absolute classics with reliable functions and a really contemporary look thanks to their minimalist design. Have fun finding out more!

CREATE ZONES OF CALM IN THE OPEN SPACE

Would you like to utilise your existing space as efficiently as possible? With our diverse solutions you can create private areas and places for focused working for your employees even in an open space office: you can sit comfortably on **OKAY.II** task chairs, while the **DO IT.4** workstation is both visually and acoustically screened. Store your work utensils in lockable **ACTA.PLUS** cupboards.

Products:
DO IT.4 (rectangular tube), OKAY.II task chair and visitor chair, ACTA.PLUS pull-out sidefiler, sliding door cupboard and combi-cupboard, NET.WORK.PLACE elements

EVEN TEAMPLAYERS NEED TIME TO THINK

Whatever your preferred management style – it's important to provide a representative place for people who need some peace and quiet for planning and coordination. The **DO IT.4** workstation with Fenix top is combined with the **ACTA.PLUS** shelf unit and cupboard with sliding doors to create a single visual unit. This high-end minimalist office set-up is separated from the other office activities with the **HORIZONTE** glazed partition system. Do take a seat – perhaps on the **OKAY.II** task chair!

Products:
DO IT.4 (T-profile), OKAY.II task chair, ACTA.PLUS shelf and sliding door cupboard, pedestal

SPONTANEOUS EXCHANGES TIMELESSLY FURNISHED

Whereas companies used to be controlled by a small group of senior managers, nowadays firms are increasingly relying on collective intelligence. There's nothing to interrupt the flow of ideas in this minimally styled private meeting zone – quite the opposite: the generous **DO IT.4** meeting table with its Fenix work surface is ideal for brainstorming, while the comfortable **OKAY.II** visitor chairs ensure the participants are sufficiently relaxed.

Products:
DO IT.4 meeting table (rectangular tube),
ACTA.PLUS combi-cupboard, OKAY.II visitor chair
and task chair

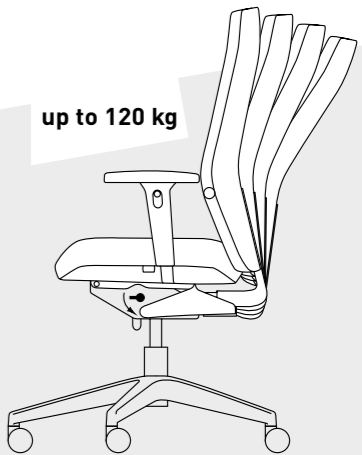

MOBILE THINKING IN TEMPORARY ROOM CONCEPTS

The processes of change associated with the digital age demand greater mobility from us all. But how can you ensure that your teams feel relaxed so that they perform consistently at work? By providing furniture that adapts to their needs, even at temporary workstations. For example the **JET.II** task chair with **i-seating® mechanism** that adapts quickly and intuitively to each user's weight. The **DO IT.4** bench with flexible acoustic screens. Or the understated **ACTA.PLUS lockers** storage systems, for secure storage of personal items.

Products:
DO IT.4 Bench (T-profile), JET.II task chair i-seating®, ACTA.PLUS lockers and wardrobe,
NET.WORK.PLACE stool, PUBLICA bar stool, meeting table, THINK.TANK

I-SEATING® MECHANISM

The user's weight is detected and automatically transferred to the backrest in the form of counter-pressure without the need for further manual adjustment – the sitting position is intuitively correct, which means that the chair can be used by different people in rapid succession. **Ideal for temporary room concepts.**

up to 120 kg

DEPENDABLE PARTNERS

VERSATILE APPLICATIONS

DO IT.4

- + Delicate, floating look thanks to the shadow gap
- + Supplied with T-profile or rectangular tube
- + Can be used as a single workstation as well as a bench
- + Diverse extensions and add-ons are available

DO IT.4, ACTA.PLUS AND OKAY.II

ACTA.PLUS

- + Design element with sliding doors / tambour-fronted units: front-mounted doors
- + Cupboards and shelves can be configured using the modular principle
- + Consistent height scale of 375 mm for a uniform appearance
- + Delicate 3mm joints
- + Premium configuration options such as acoustic or high-gloss fronts
- + Several cupboards can be combined in series with a trim to ensure a consistent look

OKAY.II

- + VSP® synchro mechanism (Virtual Swing Point) ensures the perfect movement sequence while you sit
- + Backrest variants: mesh back, 3D mesh back, textured fabric and fully upholstered
- + Luxurious sitting experience, comfortable seat and backrest
- + Invisible lumbar support, adjustable in height and intensity

INTELLIGENT COMBINATION

DISCOVER
more screen variants for visual and acoustic protection in our product portfolio

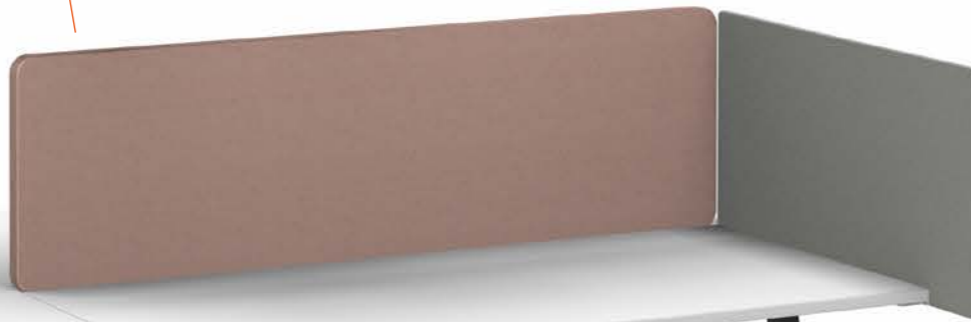

DESK SCREEN WITH TOOL RAIL
sturdy enough to accept a variety of storage elements

DESK SCREEN WITH RAIL
for sturdy mounting of flatscreen brackets or shelf elements

DESK SCREEN
suitable for use as a central divider

Extension to increase desk space

HEIGHT-ADJUSTABLE T-PROFILE
from 650 to 850 mm

FLY-BY PANEL
fully flexible with tool rail, pinboard function or acoustic option

MODESTY PANEL
with visual screening function, perforated pattern, retrofittable

DESK SCREEN
fits via adapters

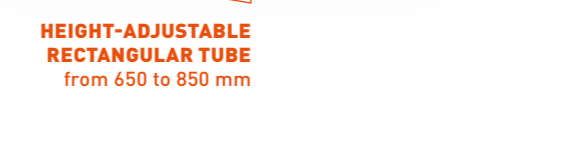

CPU BRACKET METAL
can be fitted inside or outside the frame

HEIGHT-ADJUSTABLE T-PROFILE
from 650 to 850 mm

HEIGHT-ADJUSTABLE RECTANGULAR TUBE
from 650 to 850 mm

ACOUSTIC SCREEN
free-standing with metal tray and felt liner

CLAMP-ON SCREEN

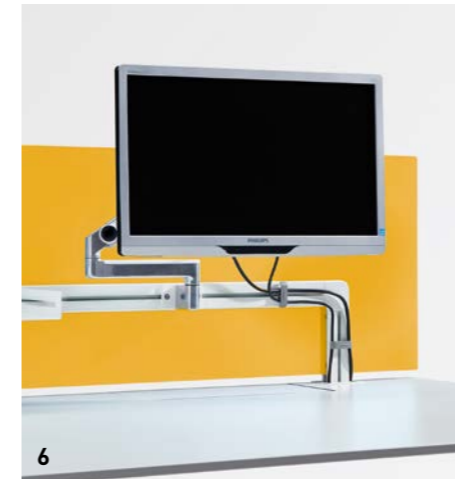

HEIGHT-ADJUSTABLE RECTANGULAR TUBE
from 650 to 850 mm

DETAILS

1 | CONVINCING DESIGN
The shadow gap is a consistent design feature that creates a delicate floating appearance. The desk top is available in two thicknesses: 13 mm or 25 mm (except the bench).

2 | SIMPLE HEIGHT ADJUSTMENT
The leg frame made of 75 x 30 mm rectangular tube or the T-profile offers infinitely variable height adjustment from 650 mm to 850 mm.

6 | CORRECT HEIGHT
Easy to attach a monitor to the arm.

7 | ADDITIONAL SCREENS
Various elements can be hooked into the plug-in organiser screen.

3 | TOOL-FREE ASSEMBLY
The desk has sliding clips for easy assembly.

4 | DISCREET CABLE MANAGEMENT
A sliding top allows easy access to the adapters and cable tray.

5 | WELL ORGANISED CABLE MANAGEMENT
The flexible umbilical keeps the electrics tidy and well-concealed.

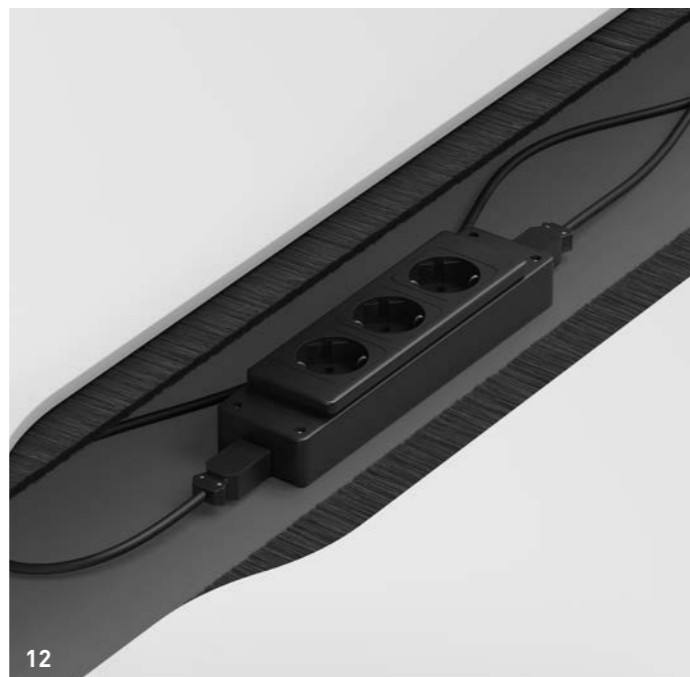

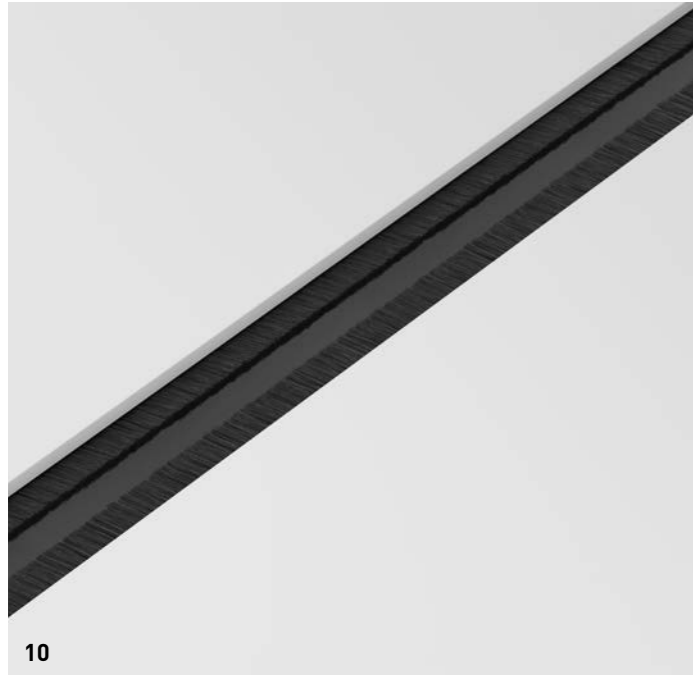

8 | VARIABLE ASSEMBLY
CPU holders can be mounted on the inside or outside as required.

9 | SELECTION OF ELECTRICS OPTIONS
Choose between desktop electrics or a clip-on version.

DETAILS

BENCH

10 | BRUSH SEAL
Allows cables to be concealed and positioned exactly where needed.

11 | BRUSH SEAL WITH RECESS
For precise positioning of a large number of cables.

12 | OPEN SLIDING TOP
Easy access to the central cable tray and electrics.

POSSIBLE COMBINATIONS

Single bench
as starter or add-on desk
(leg frame: T-profile)

Team workstation
on double bench
(leg frame: T-profile)

Bench system
with header top for meetings and clip-on panels
(leg frame: T-profile)

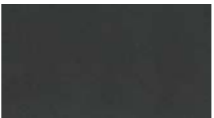

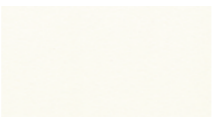

Bench system
for temporary workstations with header top
for meetings, centre screens and mobile screens
(leg frame: rectangular tube)

EXCLUSIVITY AS A MODULAR SYSTEM

DETAILS

1 | UNIFORM HEIGHT SCALE
Symmetrical construction, uniform height scale of 375 mm and a wide range of potential applications.

2 | DIFFERENT DOOR OPTIONS
Elegant front-mounted doors for side tambour / sliding door cupboards. Inset fronts are also available on request.

DETAILS

3 | ACOUSTICALLY-EFFECTIVE FRONTS

Effectively reduce the noise level.

4 | FABRIC SCREEN

The fabric finish optimises office acoustics.

5 | OPEN SHELVING UNITS

Vertical rows of pre-drilled holes allow shelves to be fitted at any level.

6 | STURDY METAL SHELVES

Bookends provide the necessary support.

7 | FILE-FRAMES WITH PARALLEL GUIDANCE

Ensure a consistent pull-out action, even in intensive use.

8 | PULL-OUT WARDROBE RAILS

The 450 mm deep cupboard becomes a wardrobe for crease-free hanging.
