  - + Cards cannot be ordered individually
- + Please order individual material samples e.g. one fabric sample fabric group 14, colour 82 orange for sending to customer as before from the advertising materials shop on the Partner Portal.
  - + Fabric A5
  - + Finishes 9x9 or A4

# GENERAL NOTES

# Range relevance and available colours

- + The individual relevance of materials and fabrics to specific ranges or elements is defined in the price lists.
  - + This information can also be found on the index cards for that particular material group.
- + The STYLE.GUIDE.CADDY. includes our basic metal colours in the form of sample cards. The RAL and RAL design shades are being revised and updated for availability at the beginning of 2020.
- + The lacquered finishes are not in the caddy either because they are undergoing revision.
- + *Please note: Slight colour differences may occur in fabrics and finishes due to production variation. Such deviations do not represent a defect.*
