

## Product information No. 4/2024

### Product optimisation:

TALO.YOU: Expansion to include video conferencing table trapezoidal shape

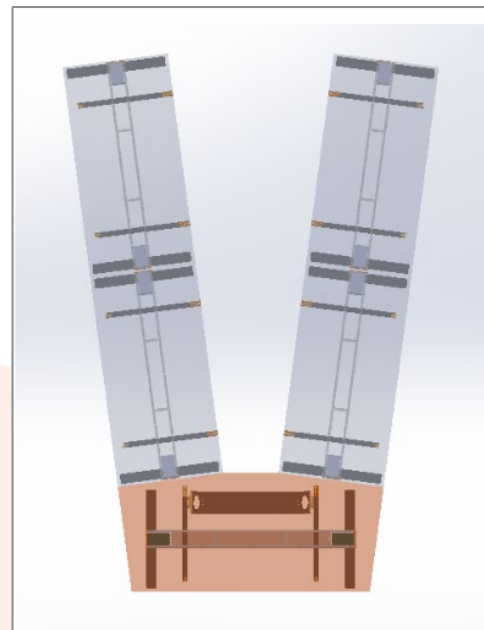

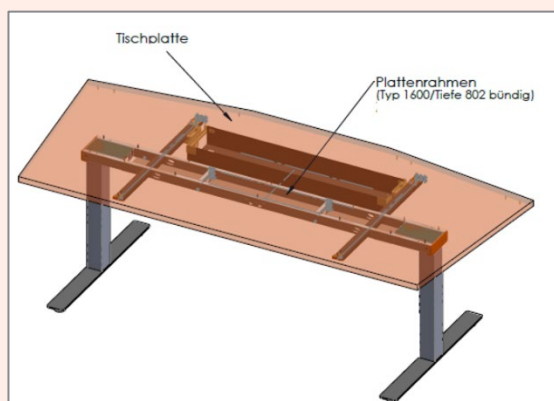

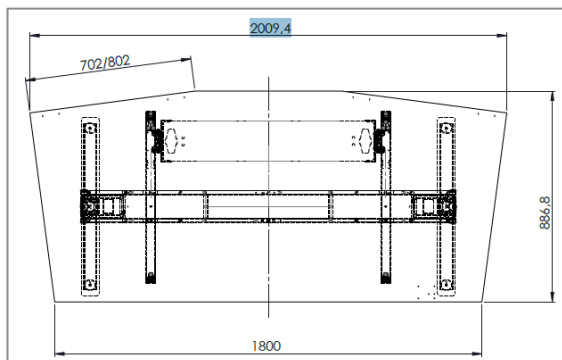

### Scheduling:

Available to order now

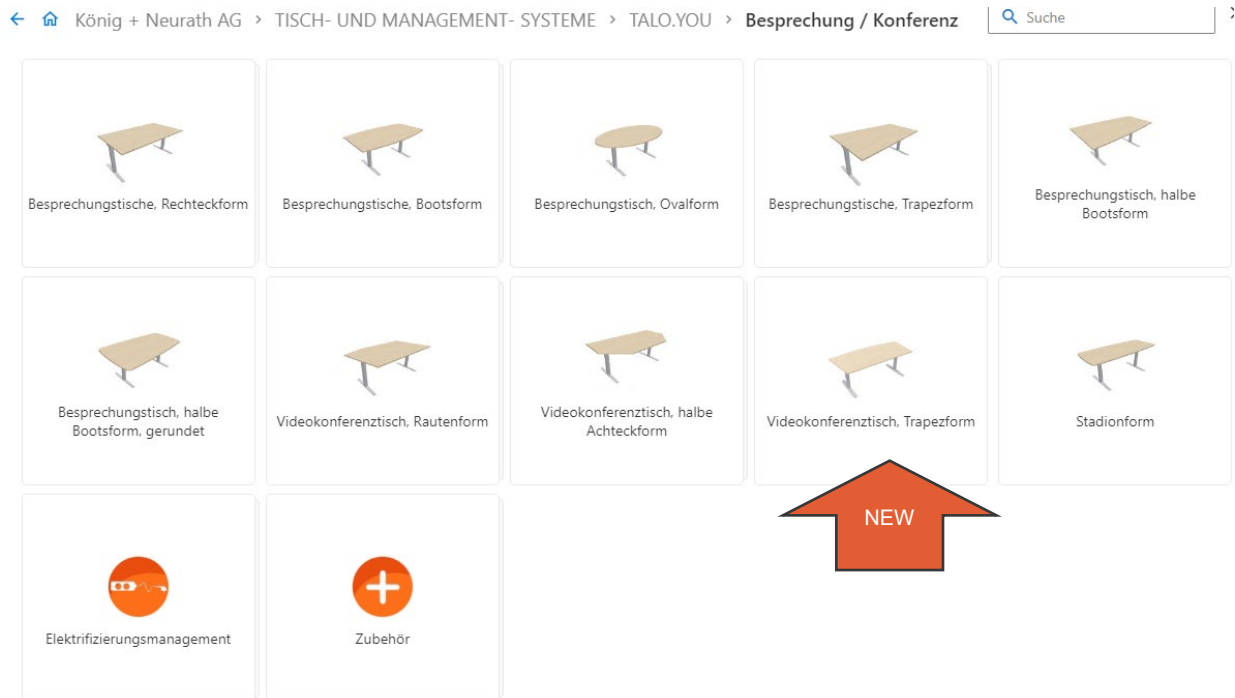

### Expansion of product range:

TALO. YOU is being expanded to include a video conference table for the meeting and conference area. As a result, it is possible to create application-specific conference solutions in a V-shaped configuration.

The specially designed tabletop shape with a width of 1800 mm can be fitted onto the standard leg frames and combined with meeting table extensions in depths of 700 mm or 800 mm.

The table can be selected in the pCon Basket catalogue.
