

## Product information No. 5 / 2023

*Product optimisation:  
TALO.S MOTORISED DESKS  
– new supplier*

### Scheduling:

Changeover as of Week 36 / 4.9.2023

### Change:

*In future, the motorised columns, control units and elements for TALO.S motorised desks will come from a new supplier.*

*Changing the motorised columns inevitably means a change to the control units and elements used. The new user-friendly control elements, like the current ones, are available in a black or white design. The control with memory function, unlike its predecessor, now has 3 storage positions.*

*The new columns allow an increase in travel speed from 50 mm/sec to 60 mm/sec.*

OLD control elements		NEW control elements	
<i>Up-down without display</i>	<i>Display and 4-pos memory (DY1)</i>	<i>Up-down without display</i>	<i>Display and 3-pos memory (DY1)</i>
<i>Design white / black</i>	<i>Design white / black</i>	<i>Design white / black</i>	<i>Design white / black</i>
			
2 and 3-channel control unit		4-channel control unit	

*The following remain unchanged:*

- *product codes and option descriptions*
- *height adjustment ranges*
- *prices*
- *visual appearance*
- *GS symbol and CE conformity are being updated*

*Availability of replacement parts (columns, cables, control units, control elements) for after-sales service is assured. Product codes have been adjusted accordingly.*

*The changeover is planned for Week 36.*
