Through the vineyards of Provence (3 days) At the foot of the Mont Ventoux, a 3-days hike through the vineyards of Provence

A circular tour at the foot of Mont Ventoux, with accommodation in a 3* hotel, 3 days, 2 nights, 3 days' hiking

Level: 3/5

Nestled between the Rhône Valley and Mont Ventoux lies one of our favourite spots in Provence: the Dentelles de Montmirail. The scenery here is truly magnificent: in the foreground, the vineyards – whether on slopes or terraces (restanques) – are bordered by beautiful southern forests and garrigue. In the middle ground, the elegant limestone cliffs of the "dentelles" stand out against the azure sky. And in the background, the bare ridge and slopes of Mont Ventoux complete the picture. We'll be talking a lot about the vineyards as we make our way towards Beaumes-de-Venise, Gigondas and Vacqueyras. The hilltop village of Séguret, as well as the Château du Barroux, also remind us of this region's rich history...

Strengths

- The elegance of the Dentelles de Montmirail and the Sarrazine Tower
- With Mont Ventoux as a backdrop
- The vineyards of Beaumes-de-Venise, Gigondas and Vacqueyras
- The hilltop villages of Séguret and Crestet

SCHEDULE

undefined : Beaumes de Venise - Séguret : 17.5 km - 6h30 - Elevation: + 590 m - 505 m

Our circular walk in Provence begins in Beaumes-de-Venise, a name that immediately brings to mind the full-bodied wines produced under the AOC of the same name. We head north, towards the striking limestone citadel known as the Dentelles de Montmirail, at the foot of which we walk. Whilst no pairs of golden eagles have settled there, it is not uncommon to see the golden eagle circling above the cliffs. It will have come from the slopes of Mont Ventoux, where several pairs nest. What we are more likely to see, however, are climbers clinging to the rock face, attempting to conquer the few dozen metres separating them from the summit. Our route then takes us on to Séguret, one of the most beautiful villages in France: nestled against its promontory, the medieval village overlooks the Ouvèze valley and, further on, the Rhône valley...

undefined : Séguret - Malaucène : 14 km - 5h30 - Elevation: + 530 m - 370 m

This morning we resume our journey through Provence. In the cool shade along the Préabayon ravine and past the ruins of its monastery (7th century), we walk eastwards beneath the ridges of St Amand. This time we find ourselves between Mont Ventoux and the Dentelles de Montmirail. The route, which runs mainly through woodland, nevertheless offers some lovely 'clearings' from which to admire the foothills of the 'Giant of Provence'. We descend towards the village of Malaucène, a veritable cycling mecca, from where brave cyclists from all over the world set off to tackle one of cycling's legendary mountains!

undefined : Malaucène - Beaumes de Venise : 16.5 km - 5h30 - Elevation: + 325 m - 565 m

This morning we're back on the Provençal trails to complete our tour of the Dentelles de Montmirail. Our aim for the morning: to reach the marvellous Château du Barroux! Dating back to the 12th century, it occupies a prominent position high above the valley, facing south. This location meant it played a military role right up until the Second World War. A lovely afternoon's walk amongst the vineyards of Beaumes-de-Venise and the Salette valley, before reaching the enigmatic Rocalinaud rock and then our starting point.

Insurance :

In accordance with regulations, each participant in a LaRébenne trip must hold individual civil liability as well as individual multi-risk cover to protect themselves against incidents or accidents that may occur before or during the tour or bike trip.
Assistance mainly covers search and rescue, repatriation and medical expenses. It comes into play as soon as a medical report makes it possible to decide on repatriation. Repatriation, known as "premature return", can also be arranged for reasons other than the insured's own, such as the death of a family member (see cases in the insurance booklet). Beforehand, in regions far from medical facilities and difficult to access, you must agree to the organization of first aid using local resources (4X4, porters, horses, etc.).
This contract also covers loss, theft or delayed delivery of baggage, as well as interruption of stay.
The insurance protects against the financial risk of cancellation. It is very important to have this type of insurance in case of cancellation due to a health problem or for professional reasons.

We suggest you take out one of the three policies we have selected, bearing in mind that we only act as an intermediary between you and the insurer. Any additional insurance is invoiced per person and must be taken out on the day of booking:

- "Multirisque" contract (4.5%), minimum premium 15 euros:
  Repatriation assistance + tour interruption + luggage + cancellation.

  See the complete contract

- "Cancellation" contract (2.5%), minimum premium 10 euros:
  Cancellation only.

  See the complete contract

- "Repatriation assistance" contract (1.6%), minimum premium of 10 euros:
  Repatriation assistance + tour interruption + luggage.

  See the complete contract

As far as "civil liability abroad" is concerned, only French residents are covered.
