Use (Elara Slim)

- Save these instructions.
- Read the safety warnings before installing the product.
- The Manufacturer is not liable for any damage caused by the non-compliance with current laws, installation, transport, and maintenance indications or by improper use of the product.
- The Manufacturer declines all responsibility for damage to persons or property due to incorrect use of the product or its incorrect installation. The product shall be installed in compliance with the instructions provided.
- Install and use the product only on recreational vehicles, especially on door openings, windows or windshields, depending on the product.
- Do not modify or alter the product in any way.
- Carefully clean all the support areas of the product before installation.
- The packaging elements shall not be left within the reach of children as they are potential sources of danger. Children shall not play with the product.
- Check the condition of the product before installation. Do not install the product if it is broken or damaged.
- Warning. Risk of contact with sharp edges. Handle the product carefully during installation. Wear gloves.
- Do not overtighten the screws. The wall could be damaged.
- Check that the product is solidly fastened to the wall.
- Do not climb on or hang anything from the product. The product is not a structural element.
- Use the product only through the handle provided. Do not obstruct the handling area of the handle.
- Warning. Risk of burnings. Parts of the product that have been exposed to solar radiation for a long time may reach high temperatures. Do not touch the product.
- Risk of damage to the flyscreen. Do not close the door while using the product (fabric unfolded).
- Do not forcefully open or close the flyscreen.
- Do not step on the lower guide rail.
- Warning. Risk of tripping over the lower guide rail.
- Keep the lower and upper guide rails clean.
- Do not use flammable solvents, acid, or aggressive detergents that can create

flammable or toxic mixtures. Do not use detergents to clean the product. The product should only be cleaned with a microfiber cloth moistened with water.

- Do not use compressed air or nebulized solvents.
- Do not use nozzles or water jets to clean the product.
- Check the fastening of the product to the wall at least once every six months. Check the conditions of plastic parts. Replace if they are worn-out or damaged.
- Packaging is 100% recyclable. The different parts of the packaging shall not be released into the environment. Dispose packaging in accordance with the rules established by local authorities.

- Conservare queste istruzioni.
- Leggere le avvertenze di sicurezza prima di installare il prodotto.
- Il Fabbricante non risponde dei danni causati dal mancato rispetto delle vigenti leggi, delle indicazioni di installazione, trasporto, manutenzione o uso improprio del prodotto.
- Il Fabbricante declina ogni responsabilità per danni a persone o cose dovuti all'uso errato del prodotto o alla sua errata installazione. Il prodotto deve essere installato nel rispetto delle istruzioni fornite.
- Installare e usare il prodotto solo su veicoli ricreazionali, in particolare su apertura porta, finestra o parabrezza a seconda del prodotto.
- Non modificare o alterare il prodotto in nessun modo.
- Pulire accuratamente tutte le zone di appoggio del prodotto prima dell'installazione
- Gli elementi dell'imballaggio non devono essere lasciati alla portata dei bambini in quanto potenziali fonti di pericolo. I bambini non devono giocare con il prodotto.
- Verificare le condizioni del prodotto prima dell'installazione. Non installare il prodotto se presenta rotture o parti danneggiate.
- Attenzione. Rischio di contatto con eventuali spigoli vivi. Maneggiare il prodotto con attenzione durante l'installazione. Indossare i guanti.
- Non avvitare le viti con troppa forza, si potrebbe danneggiare la parete.
- Verificare che il fissaggio del prodotto alla parete sia saldo.
- Non appendersi e non appendere alcun oggetto al prodotto. Il prodotto non è un elemento strutturale.
- Usare il prodotto solo tramite la maniglia in dotazione. Non ostruire la zona di movimentazione della maniglia.
- Attenzione. Rischio di ustioni. Le parti del prodotto che sono state esposte a lungo alle radiazioni solari possono raggiungere temperature elevate. Non toccare.
- Pericolo di danni alla zanzariera. Non chiudere la porta con il prodotto in uso (tessuto dispiegato).
- Non aprire o chiudere con forza la zanzariera.
- Non calpestare la guida inferiore.
- Attenzione. Rischio di inciampo su guida inferiore.

- Mantenere pulita la guida inferiore e superiore.
- Non utilizzare solventi infiammabili, acidi, detergenti aggressivi che possono creare miscele infiammabili o tossiche. Non usare detergenti per pulire il prodotto. Il prodotto deve essere pulito esclusivamente con un panno in microfibra inumidito con acqua.
- Non usare aria compressa o la nebulizzazione di solventi.
- Non utilizzare lance o getti d'acqua per la pulizia del prodotto.
- Verificare il fissaggio del prodotto alla parete almeno una volta ogni sei mesi. Verificare le condizioni delle parti in plastica. Sostituire se logore o deteriorate.
- Gli imballaggi sono riciclabili al 100%. Le diverse parti dell'imballaggio non devono essere disperse nell'ambiente. Smaltire gli imballaggi in conformità alle norme stabilite dalle autorità locali.

- Conservez ces instructions.
