

YOUR MEMBER ID CARD IS YOUR FAST TRACK PASS! HERE'S HOW TO ACCESS IT:

Step 1: Create/Log in to your online account

Visit lincolncenter.org/home to log in to your existing online account or create a new one if you have not yet done so. Should you run into any issues at this step, please reach out to the Membership team for assistance.

Step 2: Locate your Membership

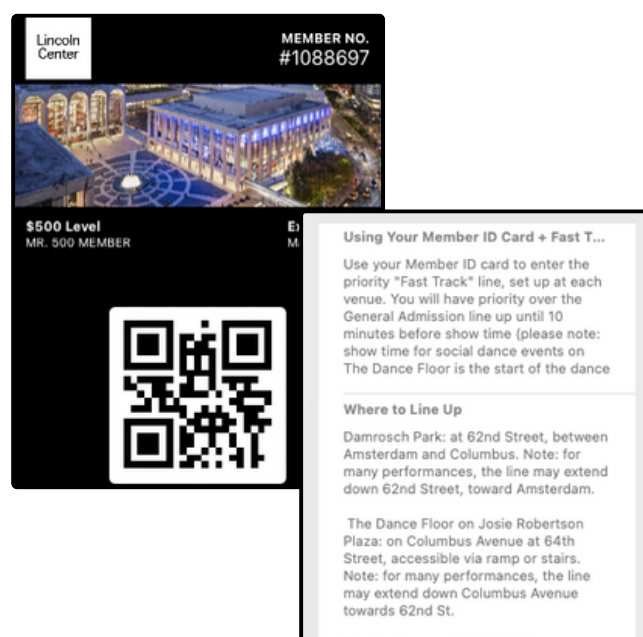

Your current Membership will be listed under "My Memberships", located on the home page of your online account. Here you'll find your current level, expiration date, and an option to save your card to your digital wallet, which we highly recommend you do! If you do not see your Membership reflected on this page, please let us know.

Step 3: Save your Member ID card to your digital wallet

For the smoothest Fast Track experience, consider saving your Member ID card to your phone's digital wallet. Please check that either Apple Wallet or Google Wallet are downloaded to your mobile device.

The "back" of your digital card includes helpful information about how to use your card and where to line up. In Apple Wallet, you can reach this by tapping the ⓘ at the bottom right corner of your card or by tapping the ☺ at the top right corner of your screen and selecting "pass details". In Google Wallet, simply tap the ⋮ at the top right corner of your screen.

****If you are unable to download your Member ID card and would prefer to use a physical copy, please reach out to the Membership team for assistance.***

Step 4: Confirm or update your contact information

Now is also a great time to check that all of your account details are up to date! This ensures you will always receive the latest special offers and event invitations included in your Membership.

Step 5: Enjoy priority entry to hundreds of events!

Your Member ID card serves as your Fast Track Pass* for a wide variety of free, *Lincoln Center Presents* events offered at the David Rubenstein Atrium throughout the year, plus even more during *Summer for the City*. Simply look for the the sign at each venue that says "Fast Track" and present your Member ID card when entering. From here, you'll get priority entry over the General Admission line up until 10 minutes before show time.

While your Fast Track Pass gives you access to the priority line, entry is not guaranteed. We recommend arriving at least 30 minutes – ideally an hour – before the advertised performance start time. Please check the event's dedicated web page to confirm if Fast Track is available for the performance you'd like to attend.

****Your Member ID card/Fast Track Pass gets you and one guest access to the Fast Track line. For Kids, Teens, and Families events, your Fast Track Pass is good for two adults and two children.***
