

# EXPRESS KIT RACEWAY SYSTEM

## *Grab-and-Go, Single Point-of- Use Raceways*

Bring convenient power and data to any interior space with the Express Kit Raceway System. Perfect for both retrofit and new construction projects, this innovative solution accommodates a single power and data point in a prewired raceway starting at the wall. Available in both on-floor and under-carpet offerings, the kit contains everything needed for a quick, easy installation.

### **Convenient Power & Data.**

Seamlessly integrates into any layout with one prewired quad receptacle (single circuit) and supports up to eight keystone modules (data or AV).

### **All-In-One Kit.**

Contains everything needed for installation including prewired power, versatile data and low-profile transition ramps.

### **On-Floor or Under-Carpet Options.**

Two installation options available to meet the needs of a variety of floor types.

### **Versatile Design.**

Includes a standard 6-foot raceway with 3-foot extensions available that are easy to install and can be cut to size in the field.

### **Raceway Wall Feed.**

Feed power and data from the wall or transition from 2400D or 4000® Series raceway systems.

### **Tamper-Resistant (TR) Options.**

TR system includes plug-in that secures connections and prevents electrical hazards for enhanced safety.

### **ADA Compliant.**

All installation options meet ADA Accessibility Guidelines.

### **Single-Circuit Furniture Feed.** *(sold separately)*

Hardwire device can be used in place of a receptacle device for hardwiring to furniture.

# TWO INSTALLATION OPTIONS

## KIT COMPONENTS
