CHAIR  
SERIES

# SEATING TO FIT YOUR NEEDS

	<b>Ergonomically</b> designed to promote user attention and reduce operator fatigue.		<b>Wide frame</b> provides larger seat and more space between armrests, lockable backrest, and all day comfort.		<b>Economical</b> , thin profile solution for all day use.	
	<b>Contour Freedom</b>		<b>Advantage</b>		<b>Task Basic</b>	
Headrest	Dynamic, position-sensitive headrest adjusts to cradle your head and neck as you recline. Automatically moves out of the way when you sit upright.		No headrest		No headrest	
Cushions	Technogel® Cushions are sculpted to closely follow body contours -provide comfort and maximize weight distribution.		Upholstered and cushioned seat, waterfall front edge helps reduce stress to legs.		Upholstered and cushioned seat, waterfall front edge helps reduce stress to legs.	
Armrest	Technogel® armrests move up and down together and stay with you during recline, always keeping you in supported balance.		Armrests with soft pads can be adjusted into a number of positions, from width to height; can be lowered to seat level, allowing extra space for holster users.		Armrests with soft pads can be adjusted into a number of positions, from width to height, and removed to allow for extra space.	
Backrest	Pivoting responsive backrest automatically adapts to the changing needs of your spine during recline. With the counter-balance mechanism, your weight automatically balances the force required to recline the chair.		Mesh back for ergonomic support and body heat dissipation; Lockable backrest, adjustable backrest angle, tension, and lumbar support.
