

TiLED® OFF-THE-WALL™ dvLED MOUNTING SOLUTIONS

WHERE INNOVATION IS ALWAYS ON DISPLAY

TiLED Off-the-Wall Bolt-Down Mounts

TiLED dvLED Off-the-Wall Bolt-Down Floor Mounted walls are a great solution for settings where stability, a fixed position, and creating a focal point are crucial. Use where a wall structure might not be available or it is unable to carry the weight of the display.

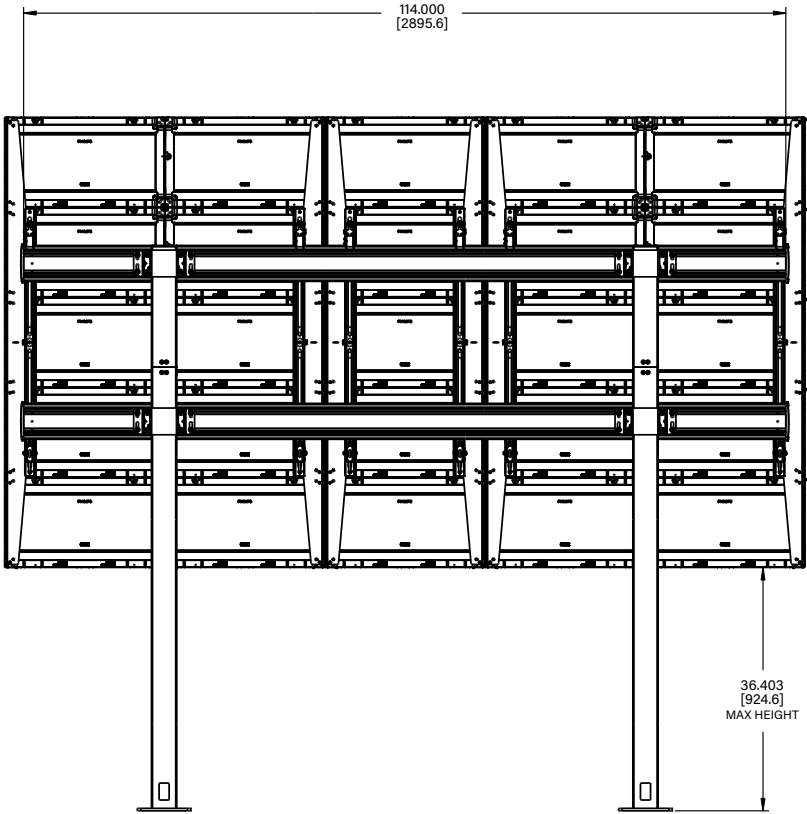

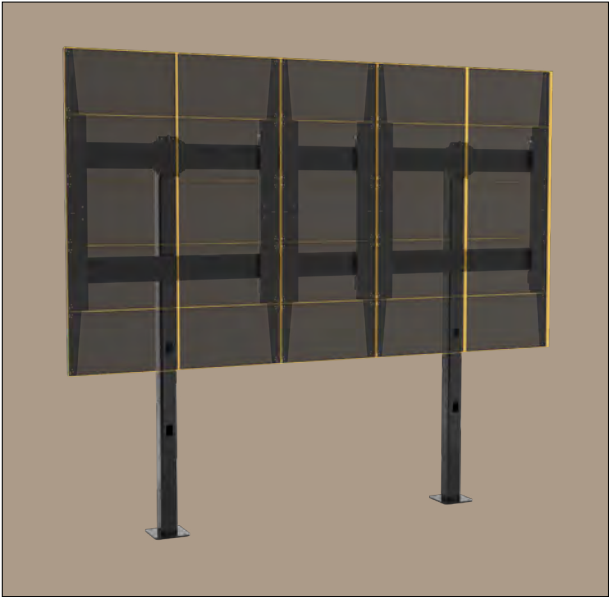

TiLED Off-the-Wall dvLED Mounting Solutions are specifically designed for non-wall mounted dvLED applications and are configured to order by Chief engineering.

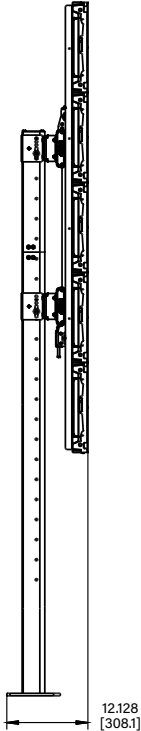

5x5 Bolt Down Bill of Material

This is a typical example of a TiLED Off-the-Wall Bolt-Down Mount, and may not represent exactly what your project requires. Chief engineering will configure a solution to the specific needs of your space and application.

Visit www.legrandav.com/off-the-wall to request a quote and drawing.

5x5 Bolt Down
Technical Drawing
