# C2G RESIDENTIAL SOLUTIONS

STAY CONNECTED —  
EVERYWHERE LIFE TAKES YOU

Whether you're streaming in your home theater, working remotely, or running a small business, you need connectivity solutions that are reliable, easy to install, and built to last.

That's where C2G comes in. Our solutions deliver commercial-grade performance in designs tailored for both residential and resimercial environments.

As your needs evolve, our scalable and dependable solutions grow with you—integrating seamlessly into your existing AV and IT infrastructure. Whether at home, in the office, or somewhere in between, C2G keeps you connected with confidence.

## PERFORMANCE SERIES HDMI® CABLES

When failure isn't an option, choose C2G Performance Series HDMI® Cables for total reliability.

Designed for dependable performance, these cables feature integrated finger grips for easy handling and a gripping connector that offers twice the retention strength, ensuring a secure, long-lasting connection.

All cables are CMG rated for in-wall installations, with some featuring a compact connector design that makes them ideal for tight spaces. All of this makes these cables the go-to choice for high-performance, long-lasting AV setups.

### PERFORMANCE SERIES

Ultra Flexible High Speed HDMI® Cable with Ethernet

Designed for versatility, these HDMI cables are ideal for everything from computer and AV furniture connections to in-wall installations, delivering high-speed performance and crystal-clear 4K video at 60Hz, all backed by a lifetime warranty.

C2G10373

### PERFORMANCE SERIES

Ultra Flexible Active High Speed HDMI® Cable with Ethernet

These cables boost the signal to support longer distances without losing quality. They're directional and work only one way, with clearly labeled "source" and "display" connectors—plus a handy tag on the source end for easy installation. Supporting resolutions up to 4K at 60Hz, each cable is tested to meet industry standards and includes a five-year warranty for added peace of mind.

C2G10379

\*The 75 ft (22.8 m) and 100 ft (30.5 m) cables support 4K resolution at 30Hz.

## PLUS SERIES HDMI® CABLES

C2G's Plus Series offers a broad selection of HDMI cables for a variety of applications – at the right price.

## PLUS SERIES

Slim Flexible High Speed HDMI® Cable with Ethernet

The Slim Flexible High Speed HDMI® Cables with Low-Profile Connectors are the perfect choice for home theaters, desktop AV setups, and AV racks that demand high-speed performance and 4K video support. The slim cable diameter and compact connector design make them ideal for tight, space-constrained installation, and backed by a 5-year warranty.

# USB EXTENSION SOLUTIONS

C2G USB extenders ensure dependable USB signal transmission over long distances—up to 328ft (100m)—using just a single Category cable, with no signal loss.

Ideal for connecting USB cameras, printers, and other USB devices across various environments like home offices, smart home systems, small businesses, and meeting space setups.

With flexible configuration options, these extenders are easy to scale, and seamlessly integrate into any existing AV or IT setup.

## SUPERBOOSTER® USB 3.2 GEN 1 EXTENDERS

C2G's new Superbooster® USB 3.2 Gen 1 Extenders make it easy to extend high-bandwidth USB data signals up to 5 Gbps at distance up to 328ft (100m) with reliable performance you can trust. Whether you're working with large files, extending a 4K USB camera, or running data-intensive devices, these extenders ensure quick, reliable performance across long distances. Perfect for work-from-home setups, media servers, or small business environments.

Built with a new, cost-effective chipset, these extenders have been tested with 4K cameras, solid-state drives, and other high-speed USB devices—delivering dependable performance at a better value than typical USB 3.2 solutions.

Part #	Description
C2G54262	Superbooster 2x4 USB Over Cat6a Extender Switch - USB 3.2 Gen1 (5Gbps)
C2G54265	Superbooster® 4-Port USB over Cat6a Extender Kit - USB 3.2 Gen1 (5Gbps)
C2G54266	Superbooster 1-Port USB over Cat6a Box to Box Extender Kit - USB 3.2 Gen1 (5Gbps)
C2G54267	Superbooster 1-Port USB over Cat6a Wall Plate to Box Extender Kit - USB 3.2 Gen1 (5Gbps)
C2G54268	Superbooster 1-Port USB over Cat6a Wall Plate to Wall Plate Extender Kit - USB 3.2 Gen1 (5Gbps)
C2G54269	Superbooster 1-Port USB over Cat6a Wall Plate to 4-Port USB-Box Extender Kit - USB 3.2 Gen1 (5Gbps)

C2G54265

C2G54269

### SUPERBOOSTER® USB CAMERA EXTENDERS

C2G's Superbooster® USB Camera Extenders provide reliable USB data transmission, extending 1080p camera signals or other USB data up to 150ft (45.7m) with zero signal loss. They're ideal for simple USB data extension at home or in small office spaces where distance is shorter but performance still matters.

Use this extender with webcams or other USB devices when you need clear, stable USB data over a shorter cable run—perfect for home offices or resimercial meeting rooms.

Part #	Description
C2G54275	Superbooster USB Camera Extender Over Cat Single Gang Wall Plate to Single Gang Wall Plate Kit
C2G54276	Superbooster USB Camera Extender Over Cat Single Gang Wall Plate to Box Kit
C2G54277	Superbooster USB Camera Extender Over Cat Box to Box Kit

C2G54276

### USB SWITCHES

For switching between two USB-C sources and two USB-C or USB-A devices, this device supports automatic switching when a new source is detected, or manual switching via the front panel button or remote control system. It supports USB 3.2 Gen 1 with data transfer rates up to 5 Gbps.

Part #	Description
C2G54263	2x4 USB-C* Switch With 2 USB-C Inputs To 2 USB-C and 2 USB-A Device Ports - USB 3.2 Gen1 (5GBPS)

C2G54263

# NETWORK CABLING

## BULK CATEGORY CABLES

C2G Bulk Category Cables deliver the speed and performance you need for today's demanding network installations.

Engineered for high-bandwidth applications, our Cat6 cables support data frequencies up to 550 MHz—ideal for voice, data, and video.

Now available in sustainable, space-saving packaging that reduces plastic and cardboard waste by 40% while making cable pulls faster and easier.

### 1000FT (304.8M) CAT6 BULK UNSHIELDED

Safe for in-wall use in vertical spaces  
Including between floors

Part #	Description
C2G56031	Cat6 Bulk Unshielded (UTP) Ethernet Network Cable - Blue
C2G56032	Cat6 Bulk Unshielded (UTP) Ethernet Network Cable - Black
C2G56033	Cat6 Bulk Unshielded (UTP) Ethernet Network Cable - Gray
C2G56034	Cat6 Bulk Unshielded (UTP) Ethernet Network Cable - White

C2G56037	Cat6 Bulk Unshielded (UTP) Ethernet Network Cable - Yellow
C2G56038	Cat6 Bulk Unshielded (UTP) Ethernet Network Cable - Orange
C2G56039	Cat6 Bulk Unshielded (UTP) Ethernet Network Cable - Purple

C2G56032

## CAT6 CATEGORY PATCH CABLES

C2G's Cat6 patch cables are the perfect choice for fast Ethernet and Gigabit networks that handle high-bandwidth applications like streaming video, voice, and large data transfers. These cables are engineered to meet all TIA/EIA performance standards, helping to reduce signal loss and ensure a strong, stable connection every time.

Whether you're upgrading your home office or managing a business network, C2G patch cables deliver the speed and reliability you need.

## CAT6 SNAGLESS UNSHIELDED ETHERNET NETWORK PATCH CABLE

Made with high-quality copper for long-lasting performance, these cables are designed for durability and reliability. The molded, snagless boot prevents snags during installation and provides added strain relief. Choose from a variety of colors to easily organize and color-code your network.

## CAT6 SNAGLESS UNSHIELDED SLIM ETHERNET NETWORK PATCH CABLE

Smart design meets high performance—perfect for space-saving, high-speed networking.

This Snagless Slim Patch Cable is thin, tangle-free, and purpose-built for high-density setups, making it the ideal choice for crowded network environments like racks, server rooms, or even compact home setups. Its slim diameter is 36% thinner than standard Cat6 cables, allowing for easier cable management and improved airflow to enhance cooling and overall system performance.
