Program Director | Basketball Coach | Development & Skills Trainer

Motivated, student-focused basketball coach with proven expertise in motivating youth to achieve goals while also prioritizing and strategizing winning school athletic programs. With over 15 years of basketball experience I'm adept in guiding players to foster their competencies, and gain new and beneficial skills. My expertise is well versed in developing skilled players and good citizens with diverse abilities in athletic, academic and social areas. Proficient in developing offensive and defensive schemes, managing players, assigning task, conducting videotape and opposition analysis. I will ensure all student athletes are in an environment that is professional, safe and fun. My mission is to encourage and promote children of all ages to become active and positive role models in life. I believe that a strong youth program leads to a happier, healthier, and productive future.
