For pickup information and terms, please reference the Hauler Sheet. (Missing manuals, See Auction Company for Manufacturers Information to obtain manuals) (Buyer is responsible for removal. Assistance by consignor or JJ Kane Auctioneers is not assured.)

You MUST have a copy of your paid invoice/Bill of Sale showing a \$0 dollar balance on the transaction when picking up the unit. A paper or digital copy is acceptable. This also holds true if you hired a third party vendor to pick up the equipment. NO units will be released without this document. It is VERY important that your hauler has a copy of the paid invoice and know what they are there to pick up. The Sale Site Contact will not know what the hauler is picking up; nor will they know the name of the person that purchased the equipment.

? You must notify the Sale Site Contact PRIOR to picking up the unit; so that you agree on a mutually beneficial time FOR BOTH PARTIES to get the unit. This must be at least 24 hours in advance of pickup; and must have approval on the date and time of pickup from the Sale Site Contact prior to pick up.

? Neither JJ Kane nor Seller is able to guarantee assistance when loading the equipment. It is solely the responsibility of the buyer and/or the hauler to have the proper equipment/trailer to load--unassisted.

? We realize that haulers will sometimes try to piggyback loads from one destination to the next in efforts to reduce hauling costs. Unless and until you make contact with the Sale Site Contact to get the unit; please do not just send a driver to that yard expecting someone will be able to meet you. You must confirm that the Sale Site Contact can meet you on that time and date.
