

GETTING STARTED WITH  
**SUMMO**

## Step One : Create an Account

If you already have an account skip this step. If not click the button below to create an account.

GET SUMO ACCOUNT

Create your account then click the Sign Up button or sign in via Google!

**Create Your Sumo Account**

Your Site URL:

Email Address:

New Password:

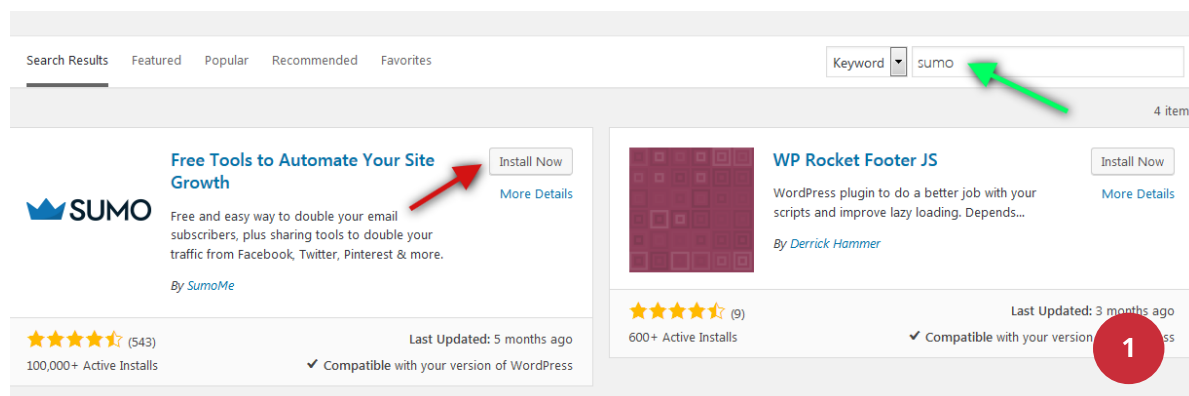

OR

2

## Step Two : Install Sumo

This guide assumes the installation is on WordPress. If you're using a different platform refer to the resource page.

**Note:** Website must be Wordpress.org and NOT Wordpress.com

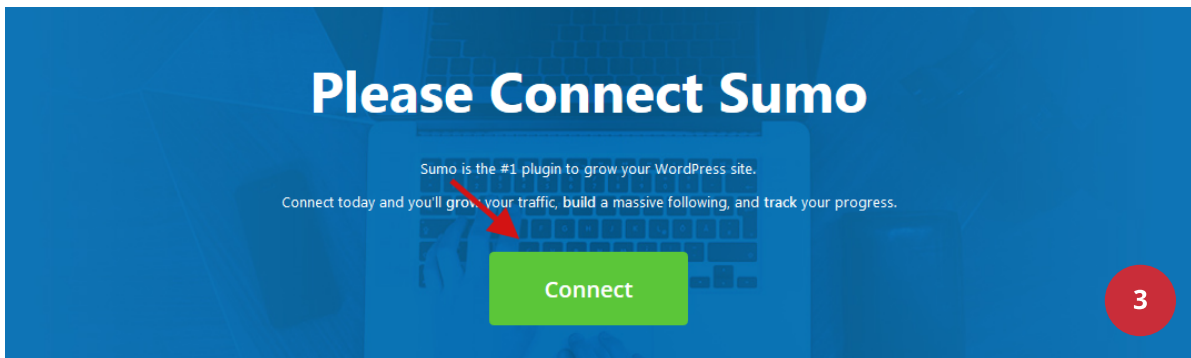

1. Login to your website's Wordpress Admin Account.
2. Select **Plugins** > **Add New**. Search Sumo and then click Install Now.

# GETTING STARTED WITH SUMO

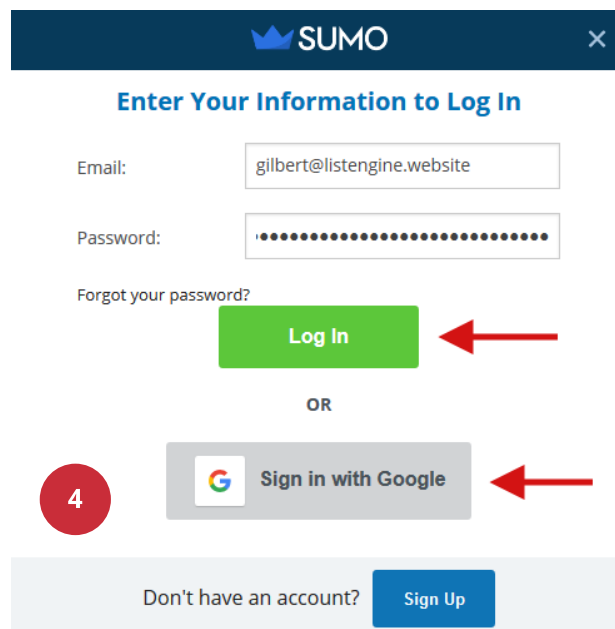

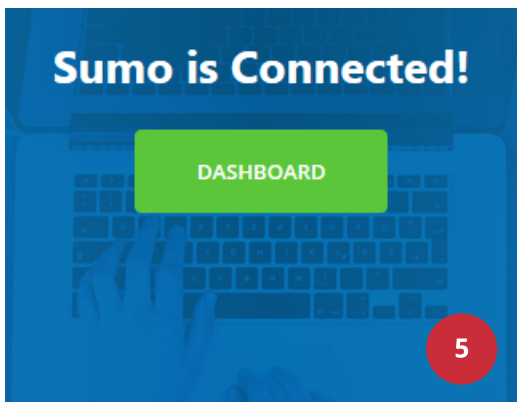

3. Select **Settings** > Installed Plugins. Click on Settings under Sumo.

4. Click on **Connect**.

5. Enter your Sumo account credentials.

## Done!

Sumo offers a suite of powerful tools that can grow your email list & website. Have a look around the sumo tools or check out the guides below.
