

Euro Vent Hoods and Downdraft System by DCS

Professional chefs demand performance when they cook. So should you. Because DCS is the only major manufacturer to sell both commercial and residential ranges, we have unique experience in creating products with exceptional performance.

Our tireless pursuit of professional performance has led to several unique innovations many of which you will not find in other residential equipment.

TRUE VENTILATION: Professional chefs need powerful ventilation when cooking. Our Vent Hoods and Downdraft system eliminates unwanted grease, smoke and odors instantly, allowing you to get on with the business at hand without worrying about driving your guests out of the kitchen.

This means a more enjoyable cooking experience.

We encourage you to find out more about this feature and learn about our other products by visiting our learning page at: dcsappliances.com.
