skybar™ Wine Chill Drops

fast chills in minutes one glass at a time

How do you get the most out of your favorite wines? Serve them with stylish pieces specially designed to showcase wine's natural character. skybar™ wine accessories are ideal for the style-conscious wine lover, adding elegance and ease to your wine tasting experience.

Now you can enjoy a glass of your favorite wine without waiting. The skybar™ Wine Chill Drop cools a glass of wine up to 20 times faster than your refrigerator can cool a full bottle. Red wines are cooled in 90 seconds; white wines take just 8 minutes to chill and enjoy. The sleek, attractive shape of the Chill Drop adds a stylish note to your table setting.

- White wines should be served between 45 and 50 ° F
- Red wines should be served between 55 and 65 ° F

skybar™ Wine Chill Drops

fast chills in minutes one glass at a time

How to use the Wine Chill Drop

To cool a glass of wine to the right temperatures:

1. Place the Wine Chill Drop in the freezer at least 3 hrs. prior to use
2. Then, place the Wine Chill Drop into the empty glass
3. Open bottle of wine and pour in glass over the Wine Chill Drop
4. Chill 90 seconds for most red wines; and 8 minutes for most white wines
5. Remove Wine Chill Drop from the glass and place in Holder to protect table surfaces
6. When not in use, the Wine Chill Drop and Holder can be stored in the freezer

Recommendations for Use

1. Always use the Wine Chill Drop to protect table surfaces
2. Store the Wine Chill Drop and Holder in the freezer to ensure it is properly chilled for your next glass of wine

Care & Cleaning

1. The Wine Chill Drop should be cleaned by hand with mild soap and water
2. The Holder may be cleaned in the dishwasher

Caution: The Wine Chill Drop is only intended to be used for chilling liquid and should never be used as a heating device. DO NOT place the product in boiling water, oven/microwave or near fire.

If you have any questions about your skybar™ Wine Chill Drops please contact a skybar™ specialist.
