Latin Lawyer Deal of the Year nominations 2019

Welcome to Latin Lawyer's Deal of the Year nominations for deals from 2019.

Each year, Latin Lawyer offers awards to general counsel and law firms advising on the most significant deals of the year across Latin America. The Deal of the Year awards will be presented to winners at our annual charity awards dinner, which will take place in São Paulo.

<u>Latin Lawyer 14th Annual Charity Awards Ceremony</u> will be held on Thursday 7 May 2020 at the Hotel Unique in São Paulo. The winners will be announced on the night.

Ticket information is available by emailing llevents@latinlawyer.com.

Shortlists will be announced in the Latin Lawyer daily online news briefing. If you are not already signed up to receive it, you may do so <u>here</u>.

This year we are awarding deals in 10 categories:

- Mergers and acquisitions: public companies
- Mergers and acquisitions: private companies
- · Project finance: energy and natural resources
- · Project finance: infrastructure
- · Corporate finance: capital markets
- · Corporate finance: banking and finance

- · Disputes
- Restructuring
- Private equity
- Regulatory matter

There is more information on the types of deals we consider under each category on the next page.

Deals must have closed between 1 January 2019 and 31 December 2019 and be predominantly based in Latin America (although there can be other jurisdictions involved).

Latin American firms/companies can submit one deal per category for each Latin American jurisdiction in which they have an office.

International firms/companies can submit one deal per category. (International firms' local law offices and Brazilian offices can each make separate submissions, one per category.)

Considerations when deciding the winner will include value, timeframe, complexity, legal creativity shown, political and regulatory sensitivity, number of jurisdictions to which the deal relates, and so on. When making your submission, we strongly encourage you to highlight the aspects of your nominated deals that make them worthy of being winners.

The deadline for entries is close of business on Friday 24 January 2020. Please note this is a strict deadline and extensions cannot be given.

Please nominate one deal per category, per page of the survey that follows. You can choose the order of categories in which to nominate deals. A PDF of the questions to help you prepare in advance is available here. Remember, each firm can nominate only one deal in each category. If more than one deal is nominated in each category, we will only consider the first deal nominated.

Thank you. We look forward to receiving your nominations. Please email

Latin Lawyer Deal of the Year nominations 2019

For the **mergers and acquisitions: public companies** category we consider M&A deals involving a company or companies whose shares are traded on a stock exchange.

For the **mergers and acquisitions: private companies** category we consider M&A deals involving companies under private ownership, whose shares are not publicly traded.

For the **project finance: energy and natural resources** category we consider financings for projects in the energy and natural resources sectors where the debt and equity used to finance the projects are paid back from the cash flow generated.

For the **project finance: infrastructure** category we consider financings for major infrastructure projects, including social infrastructure such as hospitals and prisons, and transport and logistics, where the debt and equity used to finance the projects are paid back from the cash flow generated.

For the **corporate finance: capital markets** category we consider deals involving the buying and selling of debt and equity financial securities such as bonds, notes, stocks and shares etc in public and private securities placements.

For the **corporate finance**: **banking and finance** category we consider bank lending transactions including syndicated finance, asset-backed finance, acquisition finance securitisations and derivatives.

For the **private equity** category we consider deals where private equity funds participated as one of the major investors or financers, or fund raising.

For the **regulatory** category we consider any matter in which approval from or

interaction with the appropriate regulator was critical to a deal; in which a regulator was the counter party in the case; or in which interaction with the regulator in any other way was fundamental to its conclusion. Types of regulator include: securities, antitrust, telecoms, natural resources and energy, utilities, environment, infrastructure (including roads, airports, ports etc).

For the **disputes** category, the case must have reached its conclusion before 31 December 2019. For litigation, this means the end of the appeal process must have been reached. For arbitration, the arbitral hearing must have concluded for the matter to be considered, although related litigation can be on going.

For the **restructuring** category we consider contentious and non-contentious cases involving entities in financial difficulties restructuring their debt obligations.
