

LOQR

Partner Program

About LOQR

Focused on the financial sector, LOQR empowers its clients beyond their digital business by providing a customer-centric platform and valuable business expertise. LOQR's know-how in cybersecurity, compliance, and market regulations, combined with solid financial experience, is the foundation of a seamless solution within the financial ecosystem.

We have enabled financial institutions to grow and unlock their digital potential through LOQR's Journey-as-a-Service Platform. We accelerate the optimisation process of our clients, improving customer loyalty and assuring their digital transformation, based on valuable data insights.

Since 2015, LOQR's Platform has become centre-stage for nearly 80M potential users, enabling clients to expand into new market segments and unlock multiple journeys.

What make us different

Positioned as a key partner for financial institutions accelerating their digital transformation, LOQR is creating valuable solutions for its customers.

An All-in-one Platform - KYC, Identity Verification, and e-Signature - with a new business approach, "from requirements to value", is transforming complex processes into multiple simple journeys.

LOQR is redefining the Partnership Program to a higher level offering valuable differentiators.

Valuable differentiators for LOQR Partners

- LOQR seamlessly balances user-focused financial experience, while helping clients in their digital transformation processes.
- Expertise in the financial sector allows us to offer complete digital journeys beyond technical solutions.
- Strong pre-compliance validation that reduces cost and risk while ensuring a quick ROI.
- Value-added partner, rather than a regular API provider.
- LOQR's Platform turns user journeys into clients' business growth.
