Is your child an aspiring inventor who loves computers, technology or making things? Do they love playing games?

We offer a range of computing activities guaranteed to give your child a head start, incorporating both fun learning and academic skills. Your child will have the opportunity to learn skills in coding, 3D design, electronics, model-making, robotics, Lego, website building, developing games for the Xbox and much more.

**Dates:** 18 – 22 February 2019  
**Location:** Loughborough Grammar School IT Labs  
**Timings:** 08:15 – 16:00
