GRIDLITE

GridLite Retractive Switch

2 way, single pole, retractive, centre off

MMW142C-01

MAIN FEATURES

- Clip-In Switch Module: Push-fit design snaps into BG GridLite front plates with no yoke or screws, reducing components and speeding up installation for a quicker, cleaner workflow.
- 20A 2-Way Retractive Centre-Off Switch Module: With matt white rocker. Provides 3-position control for 2 different circuits/directions from one switch. Ideal for blinds and fans.
- Independent Module Replacement: Each module can be swapped without removing adjacent units, making retrofits quicker, easier, and disruption-free.
- Easy Wiring: Clearly labelled terminals with backed-out retained screws to prevent screw loss. Fits standard 16mm back boxes, ideal for retro-fitting (3+ gangs will require 25mm minimum).
- Versatility: Fit 3 modules on a 1-gang plate for compact, consistent installs, with interchangeable modules across BG GridLite ranges for seamless mixing, matching, and simplified stock management.
