

## OPEN AREA WORK LIGHT

### Assembly and operation instructions

- Assemble tripod by releasing the foldable leg locks and ensure luminaire is stable
- Maneuver LED light bars in to place for a 360° or 180° light distribution
- Plug the IP44 rated socket to 110V AC power supply
- Ensure cable and luminaire does not cause a trip or fall hazard
- Switch on the work light via the weatherproof on/off switch

Cable	3000mm H07RN-F 1.0mm <sup>2</sup> 3 core rubber cable
Plug	110V 16A plug to EN 60309
Material	ABS+PC+Aluminium
Input Voltage	110V
Colour Temp	6500K
Ambient Temp	-5° C - +40°C
Dimensions	94 x 110 x 753mm
Net Weight	3.3Kg

### Safety Information

- **DO NOT** pull or carry the work light by the power cable.
- **DO NOT** pull the plug from the socket by the cable.
- **DO NOT** use worn or damaged cables, plugs or connectors.
- The work light is supplied with a yellow CEE plug suitable for connection to a 110V power supply.
- Ensure the power supply and plug are connected in a suitable location.
- If the power supply and plug are connected outdoors, the work light must be connected to an IP44 (minimum) rated power socket.
- If using the stand with the work light ensure it is used on a flat surface.
- Ensure the cable does not cause a trip or fall hazard.
- Do not clean the work light with solvents. Use a mild soap solution if necessary and thoroughly dry before use with a soft, clean, dry cloth.
- The work light is not suitable for submersion or cleaning by pressure sprays.
- Store in a clean dry area.
