

The Gift of Fair Trade

Artists' generosity spreads joy!

In 2007 our gourd artist, Pablo, and his workshop came up with the beautiful idea of sharing the Christmas Spirit with kids in their community and surrounding villages, who would otherwise not receive any gifts.

Every year since, they have organized a Holiday Party for 150 to 200 children with clowns, games, hot chocolate and traditional panetone cakes. They also distribute toys donated by Lucuma Designs. This is a beautiful example of how fair trade spreads joy!
