JOBELINE Apron Canvas

Hard-wearing, easy to clean, stylish: That's how a bib apron & apron must be! And that's exactly what the apron series Canvas is. The coolness factor is provided by the adjustable leather straps that run across the back of the bib apron to relieve the neck. These are also hooked in with a carabiner so they can be easily removed before washing. Another plus point of the bib apron and apron are the removable tea towel ring on the right and the large 2-section patch pocket, including removable leather pen holder strap.

So all leather and metal elements are easy to remove before washing. Embroidery for personalization possible.

Pocket dimensions: 21.5x23.5 cm and 18.5x23.5 cm (WxL).

65% polyester, 35% cotton, 505 g/m². 60°C wash.

Color: anthracite, olive, red, sand

Lightweight DENIM

Adjustable neck strap

Rinse Washed

Rinse Washed denim is clearer in color, softer and does not shrink as much. The reason is a special production process: The denim is neither bleached nor altered. Instead, the original color is brought out more clearly with the help of clear water and fabric softener. This creates the characteristic dark coloring of this denim.

JUTE

Jute fiber is a sustainable natural fiber that is fully biodegradable.

It serves excellent for functional or everyday products, as it is a very strong and durable fiber.

Furthermore, it is characterized by its very high tensile strength, is particularly resistant to stretching and has a high water absorption capacity.

Jute fiber is thus the strongest and most durable natural fiber available.

Effectiveness from head to toe!

The hygiene function with which our polo shirts from the series Cato and Oliver are equipped, ensures freshness throughout the day, better functionality for superior performance and optimal comfort.

Because Sanitized®:

- Is safe and durable, even after intensive use
- Inhibits the reproduction of bacteria and therefore the development of unpleasant odors
- Ensures long lasting freshness

Unpleasant odors therefore no longer stand a chance thanks to the Sanitized® hygiene function.

Professional shoe Explorer Light

The perfect professional shoe: lightweight and breathable sneaker for men and women. Thanks to specially developed lasts, the JL sneaker sits perfectly on the foot and thus ensures maximum comfort throughout the day. The particularly low weight of the shoe of 330 g prevents fatigue in everyday life. The breathable mesh ensures freshness on the foot. Soft seamless tape reinforces the whole shoe and the toe cap. Easy on and off thanks to elastic laces. The shoe's responsive cushioning takes the strain off your knees, back and spine. The removable insole also provides optimal midfoot support. The slip-resistant rubber outsole complies with the SRC standard. It provides optimum traction on damp and slippery floors, is antistatic and resistant to oils and greases. Delivery includes shoe horn, shoe bag, sole cleaner and additional pair of laces. Upper material: breathable mesh. Complies with protection class O1 (standard EN ISO 20347:2012). Color: anthracite, olive, black, white
