

The smart digital partner for your hotel management and guests

WHAT CAN SUITEe DO?

Complete digital experience - from booking, check-in, and hotel access to the control of smart-home technologies and much more.

Better guest experience: no reception queues, uncomplicated control of the room ambience. SUITEe entirely relies on smart technologies to delight guests.

Save time & reduce costs: from extra staff hours, contract and booking fees, electricity bills. SUITEe takes over numerous administrative tasks and thus relieves your staff.

Your one-stop solution: No need for separate contracts with third-party providers. SUITEe is your single partner bringing together individual tools and services.

Regional information included: Local information and the involvement of local businesses. SUITEe accompanies guests beyond the hotel.

Premium benefits: early adopters receive premium conditions.

One SUITEe App for the complete hotel experience.
