Redefining Luxury

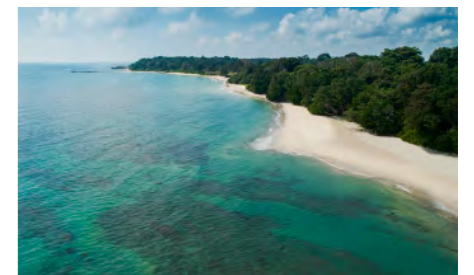

WELCOME TO

One&Only

One&Only resorts are havens of outstanding style and service, located in a range of inspiring destinations from Mauritius and the Maldives to Malaysia and Montenegro. Offering incredible, tailored experiences across beach, nature and urban locations, they have helped set the bar for what it means to be a luxury hotel in the 21st century. From nature-led hideouts to blissed-out beach retreats, these spectacular resorts are places to simply 'be'; to forget about the world and remember what it feels like to truly feel joy.

Unrivalled Locations

One&Only has a knack for being in the right place at the right time. Yes it's known for its glamorous style and stellar service, but also for staying just ahead of the pack when it comes to securing incredible locations. From One&Only Palmilla, long the hideaway of choice for the Hollywood elite in glamorous Los Cabos, to its latest opening in the Mediterranean's newest hotspot, sun-soaked Portonovi on Montenegro's riviera, One&Only hotels have an enviable reputation for stealing the limelight. Yet they're equally good at hiding out of the way too. Looking for some peace and quiet in an undiscovered eden? Try One&Only Desaru Coast, just two and a half hours from Singapore yet tucked quietly away on a pristine stretch of Malaysian coastline, between the South China Sea and a carpet of thick rainforest. Or One&Only Nyungwe House, built on the fringes of one of Africa's oldest forests, where you're just as likely to spot chimpanzees as people.

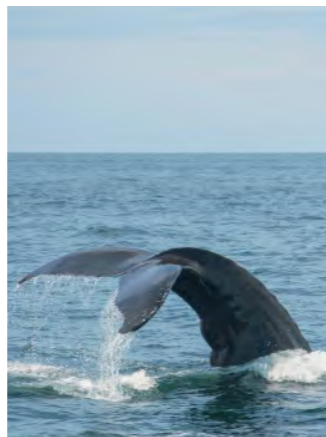

Standout Service

Service with One&Only is second to none. In an atmosphere that's chic but wonderfully unstuffy, staff go out of their way to surprise, delight and exceed expectations. Whether it's greeting you by name from the moment you arrive, remembering how you like your cocktails, or helping you arrange your perfect proposal, they'll tailor every aspect of your holiday experience, from the smallest of details to the grandest of plans.

Curated Experiences

One&Only understands that there's more to a holiday than just a hotel. All its resorts are rooted in their surroundings, helping guests to experience destinations rather than merely stay in them. Whether it's tracking gorillas in Rwanda, watching whales in South Africa or dune bashing in Dubai, One&Only takes you where few will ever go; presenting natural and cultural landmarks in new, creative ways; delivering once-in-a-lifetime moments that ignite your passions as well as your soul.

A Place for One&All

Because memories are best shared with the ones we love, One&Only hotels are perfectly designed to suit every generation. Couples can unwind in seductive suites, rejuvenate together with relaxing spa treatments, or enjoy private dining in secret locations, intimately lit with candles and lanterns. Multiple generations can celebrate together in world-leading villas with private pools and dedicated staff. Families can take advantage of state-of-the-art kids' clubs, child-friendly dining and family friendly pools. And all can play together with activities ranging from cooking and riding to surfing and scuba diving.

Exceptional Cuisine

From fine dining and candlelit dinners to feet-in-the-sand experiences the whole family can enjoy, food is an integral part of any One&Only stay. With open kitchens, innovative menus and spectacular views, restaurants are like theatres, each telling a story through treasured recipes and the finest local ingredients. Celebrity chef partnerships raise the experience further still, allowing guests to enjoy dishes from such world-renowned talents as Nobuyuki 'Nobu' Matsuhisa, Yannick Alléno, Giorgio Locatelli and many, many more.

Holistic Wellbeing

As more and more of us go in search of healthier, happier lifestyles, One&Only's commitment to wellbeing could not be more relevant. Nurture mind, body and soul with traditional and modern therapies at One&Only Spas. Or take your physical and spiritual development to the next level through One&Only's world-class wellness partnerships, including Tata Harper treatments at One&Only Mandarin, Guerlain treatments at One&Only The Palm, and the ground-breaking approach to holistic wellbeing that's provided by Chenot, available at One&Only Portonovi and One&Only Desaru Coast.

The lobby's Arabesque archways frame views of the main pool, which is lined by palm trees and comfy double sunbeds. For even greater calm, the Guerlain Spa – the only

one of its kind in the UAE – has an adults-only pool, a Moroccan hammam and a secluded couples suite with a private steam room and freestanding baths.

Restaurants are under the watchful eye of celebrity chef Yannick Alléno and include fine-dining STAY, the poolside restaurant ZEST, and the chic overwater restaurant 101 Dining Lounge & Marina, perfect for sundowners. One&Only Palmilla

PLAY VIDEO

Sitting serenely on a rocky promontory, One&Only Palmilla is the hotel of choice for many a Cabo connoisseur, combining privacy and seclusion with cliff-top views, easy beach access and spectacular rooms attended by private hosts.

The iconic hotel has long played host to A-listers and celebrities. In the 1950s it was the likes of Bing Crosby and Ernest Hemingway. Today, after its multi-million-dollar makeover by One&Only, it's a favourite with stars like Tom Cruise, John Travolta and Jennifer Aniston, who stayed in one of its breathtaking four-bedroom villas. At between 10,000 and 15,000 square feet – and with perks like a 12-seater cinema and a private fitness suite – the two signature villas are truly sublime, but the service is just as good in the rooms, suites and colourful casitas. All benefit from a free unpacking service, slick and friendly personal hosts, outdoor seating and plush day beds, plus mesmerising views of the Sea of Cortez. The Casita Suites even have

their own outdoor infinity pools, just steps from the beach.

Arrive in winter and you have an excellent chance of seeing the acrobatic antics of humpback whales on their annual migration. Whenever you visit, diners can pick from a choice of four restaurants, including SEARED, a wood-fire grill in collaboration with Michelin-star chef, Jean-Georges Vongerichten. Golfers can tee off at the 27-hole Jack Nicklaus-designed golf course. And ocean lovers can take advantage of one of the few swimmable beaches on the Baja Peninsula. Activities range from diving, fishing and desert Jeep safaris to paddleboarding, tennis and ancient healing rituals at the One&Only Spa, which also offers daily movement classes and 13 private spa villas.

Inside Track

But with flights to Los Cabos from Los Angeles and San Francisco, a 'city and beach' combo can also easily be arranged.

WHEN TO GO

The resort benefits from an ideal year-round climate, with sunshine most of the year and average temperatures of 28°C between March and August, dropping to 24°C from September to February. While whales can be spotted year-round, the most regular sightings are from December to April. Hurricanes, though not common, are most likely in August and September.

One&Only Mandarin

Set on a spectacular stretch of coastline on Mexico's Pacific coast, this exclusive resort offers gorgeous treetop and cliffside villas, all hidden among 33 hectares of stunning coastal rainforest.

Floor-to-ceiling glass and huge sliding doors frame the forest and the sea in One&Only Mandarin's 105 villas, which sit either in the treetops or right on the cliff edge. Both treehouse and cliff villas come with terraces and private plunge pools and feature furniture and artwork from Mexican designers.

Those looking for the best views should book a Panoramic Ocean Treehouse, while families and groups will love the larger Grand Villas, which start at one bedroom and run all the way up to the two-storey, three-bedroom magnificent Villa One, complete with private cinema, wine cellar, spa and infinity pool.

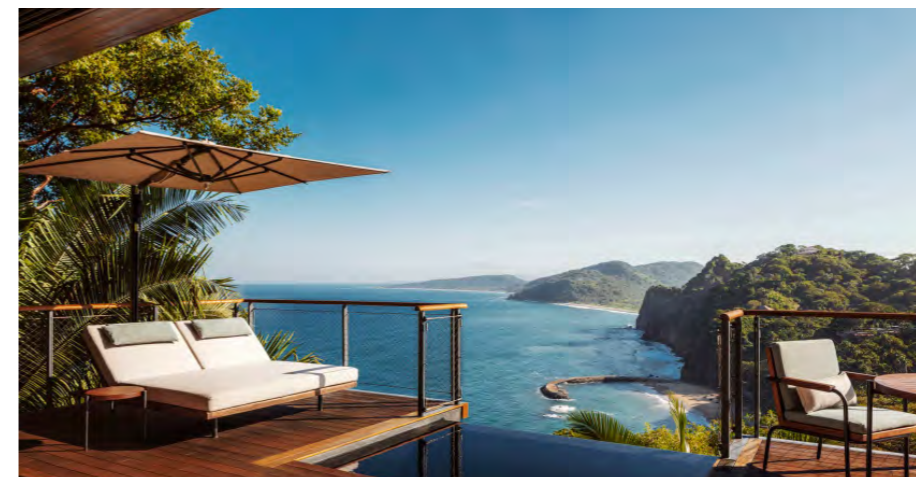

Inside Track

"We have a huge list of experience options, from hikes to an ancient tree and singletrack mountain biking to archery, meditation, bike rides, tennis lessons, fishing trips, jungle zip lines and family horseback lessons. You can spend a week here and still have something new to try."

Gustavo Mejia Oritz, Manager of Mandarin Polo & Equestrian Club

Thankfully, there's a long list of activities to help counter all the eating. Highlights include whale watching in season (Dec-Mar), swimming in pools that appear to defy gravity, learning to play polo, hiking through the rainforest, and taking yourself off to the One&Only Spa, where options include meditation practices, healing-flow yoga and Tata Harper treatments.

Although part of the wider Desaru Coast development – which includes a waterpark and two Ernie Els golf courses – the resort has the feel of a private island sanctuary. From the lobby, your gaze is channelled down a wide, stone staircase across the 50-metre infinity pool to a break in the treeline and a tantalising glimpse of the South China Sea.

There’s also more to do here than you could ever fit into a single stay, with highlights ranging from a visit to the Chenot Spa, whose treatments combine the best of science, beauty, wellness and relaxation, to golf, tennis, bonfires on the beach and ascending by rope to viewing platforms hidden within the highest treetop canopies.

The chance to partake in the kinds of activities only available at One&Only Cape Town, like stand-up paddleboarding along the hotel's private waterways, tailored hikes up incredible Table Mountain, caring for turtles at the Two Oceans Aquarium, whale-watching tours to the cliffs of Hermanus, or perhaps even cage diving with powerful great white sharks.

PERFECT PAIR

Why not combine a stay at One&Only Cape Town with a few days' safari at one of South Africa's many luxury game lodges? Our Africa specialists will be more than happy to make the arrangements. Then, for the ultimate 'bush and beach' combo, head to the white-sand beaches of Mauritius for a week or so of pampering at [One&Only Le Saint Géran](#).

WHEN TO GO

Cape Town is a year-round destination, however the weather is at its best from November through to April (southern Africa's summer) when the days are long, warm and dry. Summer also sees a series of open-air concerts take place in the city, and means grape-picking festivals offer grape stomping, music, tastings and more.

Rwanda One&Only Nyungwe House

Set within a working tea plantation on the edge of Nyungwe Forest National Park, this luxury resort is one of the finest in Rwanda, offering striking wooden villa clusters, a serene forest spa and easy access to the park's populations of chimpanzees, monkeys, birds and other wildlife.

Inside Track

"One&Only Nyungwe House brings you closer to nature, with so many different and extraordinary experiences to share with those close to you. A personal favourite is our tour of the tea plantation, where you'll experience the whole journey of tea – from leaf to cup."

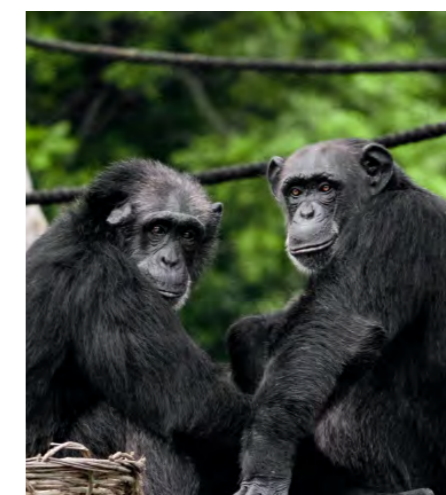

Grace Uwingeneye, Experience Supervisor

Nyungwe Forest is the oldest rainforest in Africa, sprawling over 970 square kilometres of majestic mountains in south-west Rwanda. The rain that falls here feeds the Nile and the Congo, and the trees provide shelter for an astonishing diversity of flora and fauna, including 100 different species of orchid, over 300 species of bird and 13 different species of primate, including colobus monkeys in troops 400 strong, and healthy populations of our closest living relative, the chimpanzee.

Watching chimps in their natural habitat is understandably the biggest draw here, and the park guides are the best in the business, tailoring treks to suit all abilities and packing delicious breakfasts to enjoy on the trail. But there is more to this resort than just our curious cousins.

Rooms and suites are spread across eight villas and boast four-

poster beds, private balconies and primeval forest views. The One&Only Spa offers personalised beauty and wellness treatments. The open deck of the Tea Lounge Bar is the place to share stories of the day's epic treks over masterfully mixed cocktails. And the stunning Dining Room serves menus personalised to your daily desires beside awe-inspiring views of the forest and tea fields.

SPECIAL OFFERS

We are sometimes able to offer discounts for those who book well in advance. And the resort itself offers a huge range of complimentary experiences, such as evening trips to see the forest's nocturnal creatures emerge from their nests and dens. On clear nights you can also turn a telescope to the equatorial night sky, revealing constellations clearer than you may ever have seen them before.

DON'T MISS

All the other activities available besides chimpanzee trekking. Highlights include African spear throwing; the ancient sport of archery; guided tours of the tea plantation, with the chance to pick, dry and brew your own tea; and the practice of Imigongo, a popular Rwandan art tradition in which women use swirls and geometric shapes to decorate walls, pottery and canvases.

PERFECT PAIR

For the ultimate Rwandan wildlife experience, head from here to [One&Only Gorilla's Nest](#) in the north of the country for up-close encounters with some of the few mountain gorillas left in the wild. Or fly south to [Cape Town](#) for whale-watching, wine tasting and unrivalled views of iconic Table Mountain.

WHEN TO GO

Chimpanzee trekking is a year-round activity, though the two dry seasons of December to February and June to September decrease your chances of getting wet. Even then, though, you should pack for precipitation; it's called the rainforest for a reason.

One&Only Gorilla's Nest

One&Only Gorilla's Nest is the closest resort to Volcanoes National Park, an historic stretch of forest in the Virunga Mountains home to an incredibly rich tapestry of wildlife, including 300 bird species, golden monkeys and over 1,000 mountain gorillas.

Arrive at the resort by private helicopter – only 25 minutes from Kigali International Airport or 45 minutes from One&Only Nyungwe House – and you'll truly get a sense of its incredible setting. Farmland turns quickly into tropical forest, above whose canopy tower five of the eight volcanoes that comprise the

Virunga Mountains. Many of the staff here are from the local area. They take enormous pride in giving service from the heart and it really shows, from the drumming and singing that greet guests on arrival, to the way your muddy boots appear magically back in your room, gleaming as if new after treks into the forest.

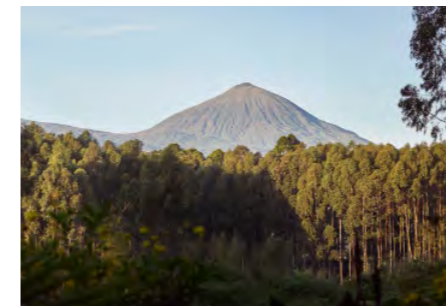

Inside Track

"What I love about One&Only Gorilla's Nest is the fresh produce we serve our guests, from our delicious breakfasts, which cater to all dietary requirements, to our lunches and dinners where each ingredient has been picked from our chef's own garden."

Resort Manager

Designed to feel like your own private treehouse, the 21 rooms and suites are ensconced in eucalyptus and look out at forest views. Forest Lodge rooms include outdoor decks and alfresco showers, while the Virunga, Ingagi and Silverback suites offer

noteworthy extras like an open-air bathtub, elongated viewing deck or private pool and fire pit.

Gorillas are of course the star attraction and national park guides will tailor trekking routes to your individual needs. Their knowledge and passion are second to none and there is nothing they love more than seeing guests' reactions to these often moving encounters.

Other popular activities include drumming circles and cultural village visits, as well as tracking golden monkeys, coffee tasting, forest bathing and relaxing after treks at the One&Only Spa.

SPECIAL OFFERS

Like at One&Only Nyungwe House, a huge variety of experiences are available 'on the house' to resort guests, including regular performances of drumming, dancing, storytelling and poetry by the local community.

DON'T MISS

Hiking up through the jungle to visit the grave of Dian Fossey, the American primatologist who raised awareness around gorillas via her research in the region and through her ground-breaking book, Gorillas in the Mist. She is buried next to Digit, her favourite gorilla.

PERFECT PAIR

Once gazing at gorillas has been ticked off your bucket list, make the four-hour drive or short helicopter ride south to One&Only Nyungwe House to see chimpanzees and a host of other wildlife. Or venture east to catch the Great Migration in Kenya or Tanzania. If anything can rival the feeling of looking the largest living primate in the eye, it's this annual migration of more than two million wildebeest across the grass-rich plains of the Masai Mara and the vast Serengeti.

WHEN TO GO

Gorilla trekking is a year-round activity, though if you're looking to combine it with a safari in east Africa, the best months to go are June to September. Rwanda at this time is still in its dry season, while on the trail of the wildebeest, you've the highest chances of witnessing the dramatic river crossings for which the Great Migration is justifiably famous.

“Staff at Nyungwe House make you feel like an honoured guest. Arrive back muddy and wet from an exhilarating day chimpanzee trekking, and they’re there to meet you with your favourite hot drink and a pair of warm slippers.”

Opening Summer 2023

The Athenian Riviera has always been something of a whispered secret. The opening this summer of One&Only Aesthesis is a nostalgic throwback to the 60s and 70s, when this sliver of coast was the haunt of celebrities, sheiks and the Athenian elite.

Overlooking the sapphire waters of the Saronic Gulf, the new luxury resort sits just south of Athens, surrounded by beaches, forests and lavender fields, yet just 30 minutes from the Acropolis and Parthenon.

Resort-style rooms pay homage to mid-century glamour with simple clean lines, local stone and timber, freestanding tubs and private terraces. Beautiful bungalows offer private pools and gardens, alfresco showers and warming fireplaces. While indulgent private villas promise multiple bedrooms, chef's kitchens, private pools and sea views.

The 1960s-style beach club will be the place to be seen from sunrise to sunset. A duo of destination restaurants showcase the bounty of the region, from vibrant mezzes and freshly caught seafood to locally sourced meats and vegan delicacies. While the revolutionary spa offers cutting-edge treatments tailored to guests' needs.

"A return to the heyday of the Athenian Riviera"

Well away from the crowds of Mykonos and Santorini, and just a 30-minute boat ride from ancient Athens, One&Only Kéa Island occupies a dazzling, 65-hectare beachfront on one of the most beautiful but lesser-known islands of the Cyclades.

This is not a place to go and be seen but a place to hide away, serenely cossetted in one of 63 standalone cliff villas, each with a private pool, terrace, courtyard and fireplace. Most have panoramic, almost 360-degree views of the sparkling sea and bay, with floor-to-ceiling windows that usher the outdoors in.

The island invites slow living and a gentle connection with nature, themes embodied by the pioneering Chenot Spa and the raft of activities available, from hiking and mountain biking to diving local shipwrecks and private boat trips to isolated beaches.

Kéa is the only self-sustainable island in Greece and the resort is a champion of locally grown produce,

"Forging the way in an untapped destination where others are sure to follow"

from the lobby lounge and pool bar to the all-day dining restaurant and destination beach club, where evenings are soundtracked by a resident DJ.
