NEW CONSTRUCTION

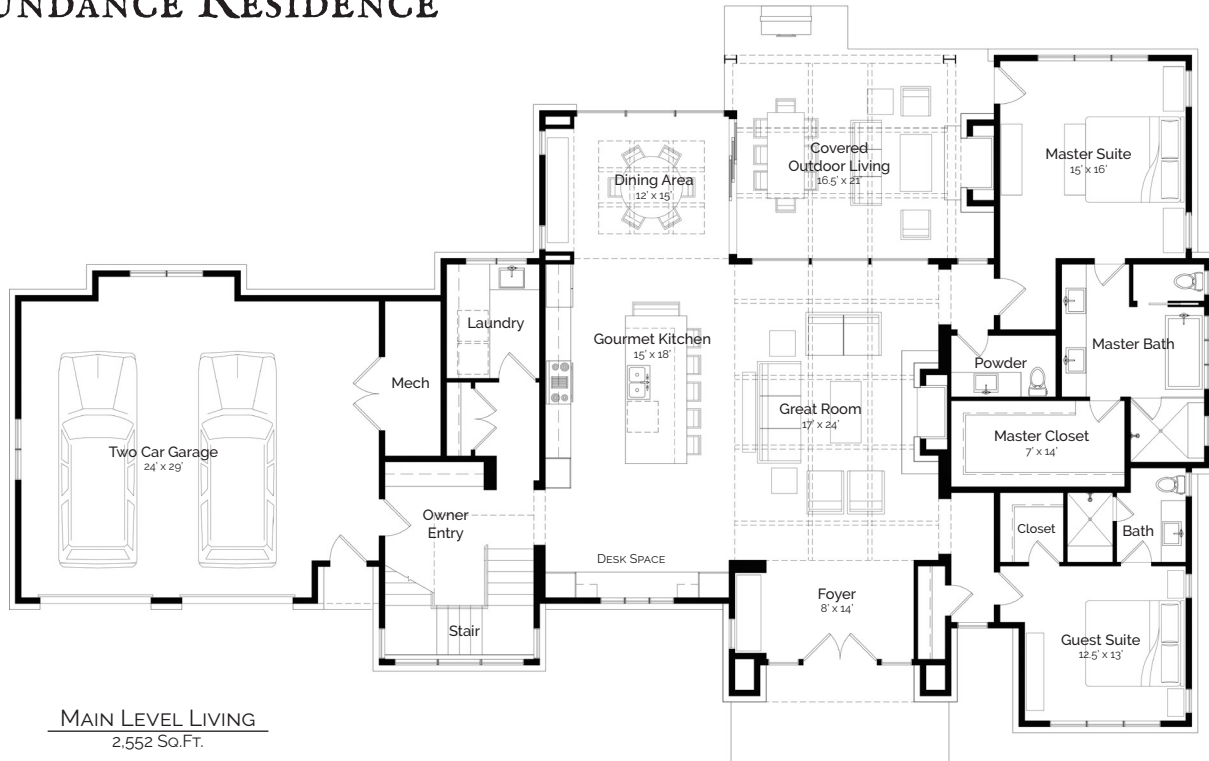

It's a new dawn within the gated neighborhood of Aspen Glen. Rick Hermes and Jeff Townsend, owners of Resort Concepts and developers of legacy neighborhoods throughout celebrated golf, ski and lake resorts in Colorado, Idaho and The Carolinas are proud to present their newest neighborhood – Sundance Lakes. Each resident of this timeless twelve home enclave will enjoy the ease of a worry-free custom design process that allows each home to be customized to suit owner preferences. Each home and each owner are unique, therefore, each home should reflect these characteristics through thoughtful planning and design.

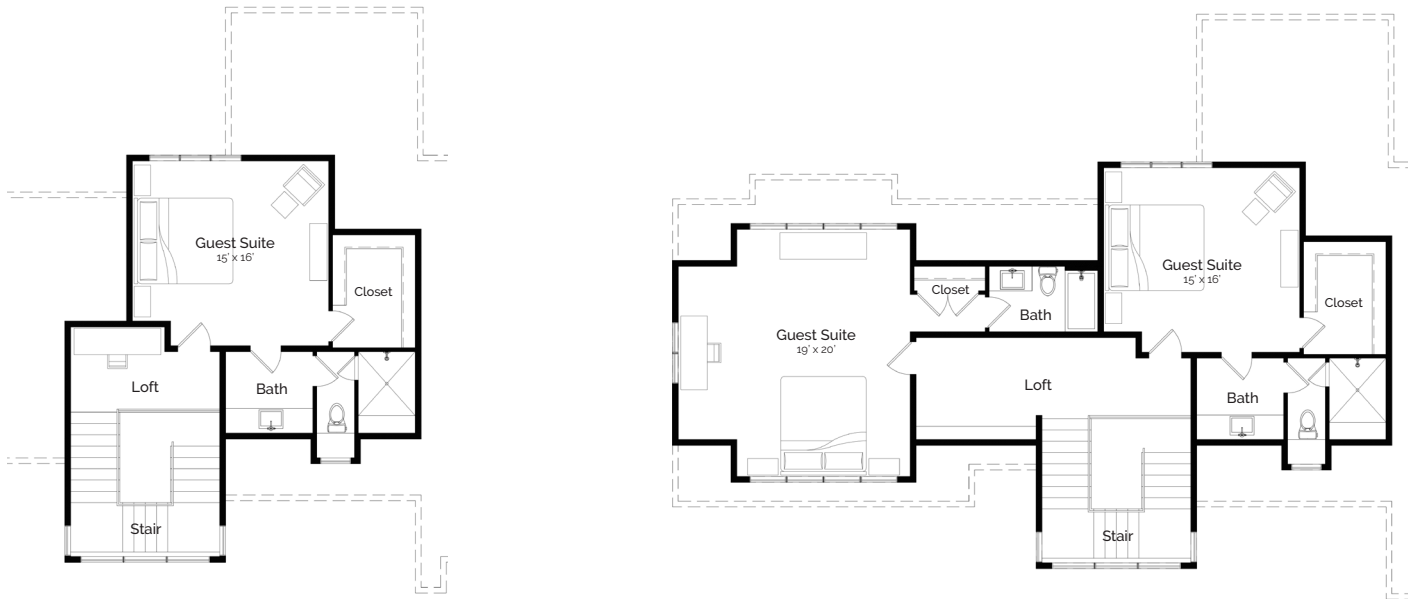

The Sundance Lakes residences have been designed with timeless style and modern touches; seamless indoor/outdoor living areas, an abundance of glass to capture the natural environment and distinctive interior design.
