Dear Resident:

Re: Cyber Safety Reminder

During this vulnerable time for everyone, cyber criminals and hackers are taking advantage of opportunities to maliciously leverage the COVID-19 pandemic using emails, text messages, and suspicious website domains.

Be careful of scammers who are asking for transfers or payments, personal identification information, account credentials or passwords.

Please remember:

- MAA will never ask for your resident portal password.
- MAA will never ask you to make an online payment through any website other than [www.myMAA.com](http://www.myMAA.com).

Please contact the leasing office by telephone call, email or through the resident portal if you have any questions or would like to report any suspicious online activity.

Sincerely,

*Your MAA Team*
